(d) Stainless Steel Dab Tool    (e) USB Charger

(a)

(b)

(c)

(d)

(e)

## HOW TO USE:

**Loading your device:** Open heating chamber by twisting/unscrewing the connecting chambers to expose heat coils (a). Using the dab tool (d) lightly place your dry herb over the coil. **Do Not Overpack.** Reconnect the chambers.

**Turning on/off:** Once the device is loaded, press the power button 5 times (rapidly) to turn it on. A flashing blue light will appear indicating that your *Vaportech™ Herbster* is ready to use. Press the power button 5 times again to turn off your device.

**Charging:** When the battery is low the battery light will start flashing. To charge, turn off your device and unscrew battery (b) from the heating chamber (a). Securely screw battery into the provided USB charger (e). Connect the USB to a power adapter to begin charging. A blue light indicates the device is charging, once the light shuts off your battery is full and ready for use.

# **CLEANING AND MAINTENANCE**

Lock the battery before cleaning by shutting off your device. unscrew the connecting chambers and gently shake out/remove any excess particles inside the chamber.

## **TIPS**

Do not overpack the heating chamber/atomizer as this will ensure easy airflow passage for even heating.

In the event that vapor is not being released, use the provided dab tool to gently stir the dry herb.

## **WARNING:**

Keep out of reach of children. Do not puncture or incinerate. Do not dismantle the device beyond the cleaning and maintenance instructions.

Do not use if damaged.

Do not immerse **Vaportech™ Herbster** in liquid of any kind, it will damage the heating component.

Do not touch the heating cylinder for at least 5 minutes after use.  
*Chamber will be very hot.*

Use only the provided power supply to charge battery.
