

8. Queen B Tea

Queen B is an all-natural, all-organic range of beauty and health/wellness teas, coffees and sweet drinks. We love the Queen B B-Tox Tea (\$15), which can help rid the body of any unwanted toxins, to ultimately aid in weight loss, an increased metabolic rate and suppressed appetite. Key ingredients include cassia angustifolia dry leaf and crataegus pinnatifida fruit. We also love the Queen B Beauty Queen Tea (\$24), which is a caffeine-free and antioxidant-rich detox for your body's largest organ, the skin. Ingredients replenish collagen and elastin back into the skin to aid in the elimination of pimples, acne, blemishes, dry skin and scar tissue repair. www.queenbofficial.com.au
