

A guide to assembling your Mirror Buttons

STEP 1

- Assemble your button as usual: inserting the shell, [1a] laying your artwork on top, [1b] and placing the mylar on top. [1c]

STEP 2

- Swivel die around until it stops.
- Place collet with edges facing up in machine. [2a]
- Place mirror with reflective side facing down in machine. [2b]
- Slightly bend the shim (45°-60° angle so there is a crease in the center. [2c]
- Place bent shim on the mirror, crease facing up. This is to ensure a tight fit for the mirror so that it won't rattle inside the button. [2d]

STEP 3

- Push down on the handle as far as the machine allows. [3a]
- Swivel die around until it stops
- Push down on the handle as far as the machine allows. [3b]
