CELEBRATING 80+ YEARS OF KEEPING YOU OUTDOORS

At Columbia, we're as passionate about the outdoors as you are. Based in Portland, Oregon, Columbia Sportswear is a global outdoor brand that crafts active lifestyle gear fortified with industry-leading technologies designed to keep you warm, dry, cool, and protected so you can enjoy the outdoors longer.

Columbia GOLF allows you to wear your favourite outdoor brand while playing your favourite outdoor sport. Stay comfortable and look great on or off the course in Columbia GOLF apparel, available exclusively from Catalyst Group.

Omni-Tech™

Omni-Tech™ provides premium, air-permeable waterproof protection. It's waterproof and breathable guaranteed.

Omni-Heat™

Thermal Reflective
This breathable warming technology helps regulate your temperature with little silver dots that reflect and retain the warmth your body generates.

Omni-Wick™

Pulls moisture away from the body and enables perspiration to evaporate quickly, keeping you dry and comfortable.

Omni-Shade™

Omni-Shade™ blocks Ultraviolet A and Ultraviolet B rays (UVA and UVB), helping to prevent sunburn and long-term skin damage.

Omni-Freeze™ ZERO

Omni-Freeze™ ZERO's blue rings react with your sweat to lower the temperature of the material, so you feel cooler.

Omni-Shield™

Long-lasting water-and-stain repellency. Omni Shield is best for mild, wet conditions and messy environments. It resists the absorption of liquids so you stay clean and dry.

TIMING

The **Outbacker** collection takes inspiration from classic field inspired timepieces. A navigational compass is built-into the internal turning concave ring that adds style and function.

The **Canyon Ridge** collection embodies the spirit of the Columbia brand with clean, time-tested field design elements. A signature feature is the ergonomically engineered crown position at the four hour which allows for extra movement and comfort at the wrist.

The **Peak Patrol** collection is an edgy renegade in wrist wear and timing gear. A chiseled bezel with peaks and valleys forged into the steel casing display numeral markings that add a functional timer when paired with the analog watch movement. The custom designed water resistant silicone strap is designed for durability and rugged conditions.

Pacific Outlander features an ultra-sweat-wicking channel designed silicone strap for added performance and durability. A ratcheting aluminized bezel doubles as a time tracker, with an all-hour luminous indexed watch face and calendar date function.

The **Crestview** collection combines classic timepiece styling with high quality finishes. The minimalist dial is easy to read at a glance. When it comes to the Crestview collection, Simplicity = Perfection.

The **Trailhead** watch is perfect for the athlete in all of us. Cross fit, marathons, yoga - no matter what you are doing this is the perfect addition to your gear.

TREND. FASHION. INFLUENCE.

Champion athleticwear has undeniably been the brand with street cred. And we will continue to innovate and own this space—you'll see that when you look at influencers and fashion leaders, they're wearing the Champion brand. It's how they express themselves, how they show what they stand for, and show that they have fashion and taste.

Always bringing you fresh colors and trendsetting styles, we make it easy to be on point with our product selection. That's why Champion athleticwear is a staple at every streetwear, footwear, and fashion store—and popular with influencers today.

Many more styles, colours and sizes available by special order. See the Champion Teamwear catalogue for full collection.

POWERBLEND

MADE PARTIALLY WITH RECYCLED POLYESTER AND RECLAIMED COTTON.

Powerblend sweats are a customer favorite, offering the best of warmth and durability. They resist pilling and shrinking, so they keep their great fit and comfort no matter how hard you play.

This 15oz/305gsm environmentally conscious fleece collection keeps millions of plastic bottles out of landfills annually. Look great and feel great in our best-selling styles.

Environmentally Friendly Tees

ZF tees are made from bio composite ABS & (corn-based) plastic, not wood, which eliminates need to cut down trees. Corn is broken down into small pellets of Polylactide (PLA) which then becomes the building blocks for the plastic to make ZF Tees. Corn is re-harvested annually.

A white birch tree takes 60-70 years to mature and 40,000 wood tees can be produced from one tree. 2.8 billion trees are consumed annually in the USA and this requires 70,000 mature trees per year.

Zero Friction tees also degrade faster in the sun's UV rays and in compost. They can also be broken down and recycled.

ZF Tees are long lasting and can be re-used. Because of their durability tee boxes and practice ranges are much cleaner as golfer's pick up tees that do not break.
