

# V-SHAPED T8 INTEGRATED LED TUBE

60W 8ft Clear - 6000K

## DESCRIPTION

Our 8 foot LED tubes are compatible with virtually every 8ft fluorescent light fixture, making it the perfect replacement for fluorescent lights. The integrated tubes come double-sided with a V-shape design and the base is integrated with wire connect. Additionally, the power consumption of this integrated tube is 60W and we stock it in 6000K Clear. Furthermore, our integrated tubes allow for "Instant Start" and does not make noise. These power saving, eco-friendly bulbs contain NO Mercury and have a working lifespan up to 50,000 hours or more. They are ETL Listed and come with a 3 year warranty!

- Double-side V-shape design, 270 degree beam angle
- Base: Intergrated with wire connect
- Environmentally friendly without mercury
- Instant on, NO noise

## WARRANTY

This product has a warranty for a period of 3 years from the date of purchase. The warranty is invalid in the case of improper installation, tampering, or removal of the Q.C. date label. Installation in an improper working environment or installation not according to the current edition of the National Electric Code also invalidates the warranty. Should this product fail during the warranty period, it will be replaced free of charge, subject to correct installation and return of the faulty unit. Greentek Energy Systems does not accept responsibility for any installation costs associated with the replacement of this product. This warranty is in addition to the statutory rights in the country of purchase. Greentek Energy Systems reserves the right to alter specifications without prior notice.
