

*wine on the vine™*

**THE WINE RAYZYN COMPANY LLC**  
**Fact Sheet**

**What is a CabernayZyn?**

At the Wine RayZyn Company, we are in the business of turning the snack category on its head. Our flagship product is the CabernayZyn, which is a specially dried, premium Cabernet Sauvignon wine grape. It's harvested from the same grapes that are used to make award-winning wines across Napa Valley and California. A CabernayZyn is a nutrient dense snack food that has more antioxidants than wine.

**How is it made?**

Each year we harvest wine grapes and then specially dry them with the seeds and stems intact. The stems act as nature's cork, preserving the nutrients and flavor within the grape. During the special patent pending drying process, the nutritious seed is toasted, giving it great crunch and nutty flavor. These natural methods allow us to create a healthy, delicious snack like no other. It's simply great nutrition in the palm of your hand.

**What makes it different?**

Unlike the sugary, seedless, soft raisin with which we are all familiar, the CabernayZyn has a nutty crunch, because of the nutrition-packed, toasted seed in its center. Each CabernayZyn is dried on the vine, preserving all of the natural nutrients of a whole food. This nutrient dense snack is full of antioxidants, polyphenols, fiber, and even has a nutritious crunch.

**Are there other flavors?**

Yes. We now offer ChardonayZyn (Dried Chardonnay Wine Grapes) and MerlayZyn (Dried Merlot Wine Grapes).

**Packaging/Price**

Each variety of RayZyn is now available in 1.6-ounce grab-and-go snack packages. While 8-ounce packages of CabernayZyn are currently in stores, 8-ounce bags of ChardonayZyn and MerlayZyn will be available in Fall 2016. We are also currently offering a Wine RayZyn Trio Pack, which includes samplers of each variety. To learn more about each offer, please visit [rayzyn.com](http://rayzyn.com).

The 8oz bags have more antioxidants than a bottle of wine and retail for \$12.99. The 1.6oz bags have more antioxidants than a glass of wine and retail for \$3.99. The trio pack can be purchased for \$11.99.

**About The Wine RayZyn Company**

Based in Napa Valley, California, The Wine RayZyn Company was founded in 2014 as a family owned company with a mission to deliver healthy snack foods to consumers who are replacing traditional meals with robust snacking. We are constantly innovating and will be launching smaller pack sizes as well as dark chocolate covered CabernayZyns in the upcoming months.
