

SPEAKMAN REACTION

S-4002

SPEAKMAN®

WATER, AS IT WAS INTENDED TO BE EXPERIENCED

THIS IS POWERFUL

The fundamental purpose of a shower is to get clean. With the Hotel Pure Shower Head, we've taken the legendary performance of our Hotel Shower Head and added an internal filtering system. The result is a remarkably powerful experience that delivers clean, healthy water. Internal filtering cartridge has been tested to remove up to 99% of chlorine. Filter should be replaced every 6 months/10,000 gallons.
