

CUT HERE

CUFF SIZING GUIDE

1

Print this guide on 8.5"x11" paper (standard US letter). Make sure your printer settings are set to 100% scale.

2

Measure this line with a ruler before cutting out the guide to make sure the page printed correctly to scale. Check printer settings and reprint if it does not measure 1".

3

Cut out the measuring guide along the dotted lines, including the slit.

4

Wrap the measuring guide, writing facing out, around your wrist. Slide the narrow end, with X's, into the slit from the back. The X's and numbers should slide out from under the words "cut here".

5

Tighten the paper measuring guide until it is snug around your wrist, but comfortable.

6

Record the number you see closest to the opening. This number is your recommended size. For a tighter fit, subtract .5". Add .5" if you prefer a slightly looser fit.

XXXX

This guide is intended to help you find your size in Lauren Shaddow cuff bracelets. It is suggestive only and may not be an exact measurement. Alternately, you can wrap a string around your wrist and measure it against a ruler and subtract .5". For gifting, we recommend a 6" band. Cuff bracelets are slightly adjustable and the 6" band will fit most adults.
