CAPE CORAL FLORIDA, May 19, 2017 – PLATE, LLC announced the issue by the United States Patent and Trademark Office on April 11, 2017 of a new patent covering the company's line of pistol magazine loading devices.

The new patent, US 9,618,286, on an invention by PLATE's founder, Christopher Plate, is entitled "Ammunition Magazine Loader" and includes claims covering a magazine loading device incorporating a rounds abutment. The patent covers some of the core components incorporated into the company's upcoming line of ACEM® pistol loading devices.

## **About PLATE**

Founded in 2013, PLATE was launched to manufacture its innovative ACEM® line of devices that aid in the loading of rifle magazines. The company has since continued to grow its ACEM® line and is actively developing into
