Concrete Everything is a local born and bred design studio that began with a passion to explore the beauty of concrete through craft and design. Since 2014, we have been crafting interesting pieces and spreading our knowledge of concrete through craft workshops.

We are makers, explorers, dreamers, and lovers of everything beautiful.

This is our founder, Alvin!

# CATCHY & TRENDY.

Cement is a material that is intriguing, modern, simple and most importantly appealing to all genres and attracts attention of both young and old. We have been using cement to create all assortment of products; lamps, planters, toy figurines, chairs. Just about anything you can think of!

# WE CREATE MEMORIES.

Our participants are our core focus, we ensure that they have fun through learning and engage with one another throughout our session. Participants not just bring back their own creations but a positive engagement with our clients and a lasting image of their sponsors.

# WE BUILD LOYALTY.

For every brand, it is important to engage your clients / staff. Our workshops provide a great opportunity to do so. We are constantly creating new engaging content to interest our clients and place your client's experience at the very top of our priority!

# LEARN BY DOING.

Enough of long lectures, we believe we learn by doing and it is our mission to ensure everyone is continuously learning. Our activities are designed to educate participants in a variety of skills including: molding, cement casting, filing, felting, painting amongst others. At the same time, our process also builds conversation between participants and help nurture relationships and camaraderie.

# PERFECT FOR ALL AGES.

Our workshops are crafted with our participants in mind; customized for a wide variety of audiences. We are able to cater to different limitations of resources and needs and weave your story into the entire experience.

# OUR CLIENTS

We look forward to  
working with you!
