OVERVIEW

Welcome to The Mandatory Training Group's online Infection Prevention and Control. All our online training courses, programmes and qualifications are accredited by the CPD Certification Service (CPDUK).

Infection prevention and control in the workplace aims to prevent pathogens from being passed from one person to another. The foundation of good infection control is to assume that everyone is potentially infectious.

This online Infection Prevention and Control training course will cover the high-level training required for infection prevention and control. Infection prevention and control training is usually tailored to several approaches, depending on your area or group within the NHS. Thus, there may be elements of the session that are not covered while some may not apply to you.

Civility in the Workplace Training Course for Global Executives

"YPO is the premier global leadership organisation for more than 28,000 chief executives in over 130 countries and the global platform for them to engage, learn and grow. We approached The Mandatory Training Group to develop an online training programme focusing on improving workplace civility. Their team developed excellent learning materials tailored to our organisational needs. With their support, we rolled out the civility in the workplace training programme to over 300 executives around the world."

Healthcare choice for **everyone**   **Statutory and Mandatory Training for Healthcare Providers**

> "All our senior clinicians were delighted with the delivery of the mandatory training courses. They found the course leaders to be very flexible with allocating more time to certain areas at request. The course contents that LearnPac had designed were tailored to our workforce, which helped them improve their understanding of the subjects. The application of legislative concepts to practice was excellent".

Online Training and Development for the Public Sector

> "We work with various public sector organisations. Statutory and mandatory training is essential for all our placements. We used LearnPac for the blended learning environment they provide for our staff. The online statutory and mandatory training courses adequately meet our regulatory requirements. LearnPac's learning management system enabled us to manage our learners and quickly sort out compliance for our workers. The flexibility of pricing and meeting our needs with the mandatory training was beneficial."

Blended Train the Trainer Courses for Healthcare Providers

> "We were looking to provide resuscitation and first aid training for clinical and non-clinical staff internally. The Mandatory Training Group stood out because they provide comprehensive blended learning solutions. Our internal trainers and facilitators were able to complete the theory training and assessments in advance. The practical sessions were packed with meaningful activities throughout the day. The lead trainers also helped us to complete training needs assessments".
