Note: All information in this manual was complete and correct at the time of publishing. However, since the product is continuously updated and developed by our engineers it can occur that the software of your device deviates in appearance or has modified functions from this manual.

■ Warnings
Please read the following information before first use for safe and efficient use of the V8 Bluetooth headphones.
● Use Information
Do not try to modify the device hardware, since this will lead to the expiration of your warranty. The ambient temperature during use should be between +5°C and +35°C

Introduction

● Radio Interferences
If not particularly shielded nearly all electric appliances are disturbed by radio interferences. Under certain conditions your device could be disturbed. The design of theses headphones follows FCC/CE standards and is governed by following regulations:
1) These Bluetooth headphones create no harmful radio interferences.
2) The Bluetooth headphones may be affected by radio interference of other devices.
● Repair
In case of problems with the Bluetooth headphones contact a certified repair workshop and have the repairs done by authorized specialists. Never repair the device yourself, you may damage the Bluetooth headphones and endanger yourself.
● Disposal of Bluetooth Headphones
Ensure proper disposal of your Bluetooth headphones. In some countries provisions for the disposal of waste electronic devices are in place. Please observe the local laws.
● Miscellaneous
Protect your Bluetooth headphones from water and other liquids. Wipe splashing water with a dry cloth from your Bluetooth headphones.Electronic devices are delicate. Avoid vibration and impact, especially during operation and do not press the buttons forcefully. Protect the device from magnetic fields.
■ Charging the Headphones
● First Charging Cycles
Please fully charge your headphones before first use. The first two charging cycles should take approx 5 hours, afterwards 3 hours are sufficient.
● Charging
Ensure before use that the headphones are fully charged. Connect the device via the supplied USB cable with a free USB port of your computer (500mA). While connected the LEDs will light up red, depending

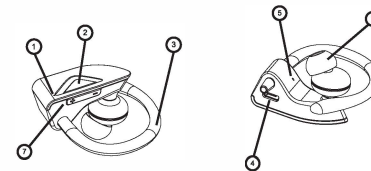

Use Instructions

on charge status. After charged fully ,the LED will turn off.
● Parallel Use
We do not recommend using the headphones during the charging cycle.

   Volume -/next music

Use Instructions

Function	Operation
ON/OFF	ON: Press and hold the multifunctional button for approx. 5 seconds to switch on the headphones; the LED flashes red. OFF: Press and hold the multifunctional button for approx. 5 seconds to switch off the headphones; the LED lights up blue for 2 seconds and switches off.
Pairing	Press and hold the multifunctional button for approx. 8 seconds. The LED flashes alternately blue and red for approx. 2 minutes; during this period you can pair the headphones with your Bluetooth device.
Start pairing	Start pairing on your Bluetooth device(e.g tablet/smartphone/ computer, etc.) and search for available devices. You should find a device named 'Cygnett BTSports Earbuds". Complete pairing and set the Bluetooth headphones as standard audio output device. Enter "0000" if the device prompts you to enter a code.
Answer / End calls	Press the multifunctional button to answer a call and press again to end the call.
Play / Pause	Press the multifunctional button to pause music playback. Press again to continue playback. During background music playback the function may not work properly.
Previous / Next Track	Keep press the +/- buttons to skip to the previous or next track. During background music playback the function may not work properly.
Volume + / -	Short press the +/- buttons to increase or decrease the headphone's volume.

Connections

■ Connections
● Supported Bluetooth End Devices
1) Pairing with mobile phone, smartphones such as iPhone, Android mobile phone or similar,PDA.
2) Pairing with Bluetooth dongle or computer with Windows, Mac OS, Linux.
3) Pairing with tablet- such as iPad, Android devices or similar.
4) Pairing with video game consoles such as Playstation III or similar.
● Bluetooth Connection
Pair the headphones with a smartphone or other device. You can only use your Bluetooth headphones after pairing with a smartphone or computer. As soon as your Bluetooth headphones are paired with a particular smartphone both devices stay paired and recognize each other within the range.
1) Turn on the headphones and start pairing.
2) Turn on your smartphone and ensure that the Bluetooth function is activated.
3) Search for available Bluetooth devices according to the instructions for your smartphone. You will find details in the smartphone's manual.

Connections

4) After a few seconds the smartphone should detect "V8" as an available device.Select it and follow the smartphone's directions to pair with "V8".
5) Now you can play music on your smartphone, watch TV or movies and play games and you can hear the sound via the headphones. You can control the smartphone via the headphones and automatically switch between hands-free telephony and music playback; never again miss incoming calls.

Note: Please check if the headphones are set as standard audio output device if you cannot hear the sound after pairing the Bluetooth headphones.

■ **Charging the Headphones.**

1) **First Charging Cycles:** Please fully charge your headphones before first use. The first charging cycles should take 8 hours.
2) **Charging:** Ensure before use that the headphones are fully charged.Connect the device via the supplied USB cable with a free USB port of your computer (500mA). While connected the LEDs will light up red, depending on charge status. After charged fully ,the LED will turn off.

Note: We do not recommend using the headphones during the charging cycle.

V8

前 言   简体中文

感谢您购买和使用无线蓝牙耳机,此手册将帮助您如何使用您的蓝牙耳机,在使用蓝牙耳机之前,建议您事先了解和熟悉您手机的蓝牙功能或者其他蓝牙主动设备的蓝牙功能的使用,如电脑的蓝牙功能。

■ 包装清单:

1. V8蓝牙耳机   1PCS   3. 说明书   1PCS
2. USB充电线   1PCS   4. 保修卡   1PCS

请妥善保管相关附件,以方便您更好的使用本产品!

安 全 规 则

为确保安全,敬请遵守此手册中提到的规则,使用V8之前,我们强烈建议您阅读此手册,为确保安全规范,敬请遵守此手册中 提到的规则。

● 请小心提防金属件、配件和包装锋利的边缘可能带来的安全隐患以避免出现任何可能性的伤害。
● 请不要试图自行拆除、维修此产品以免可能导致起火,电子击穿甚至砸成损坏本产品的

安全规则

情况,这些都不在保修范围之内。
● 请不要用油及其他挥发性液体擦拭本产品。
● 请不要在有危险的地方使用本产品。

⚠

操作指南

■ 产品视图

■ 操作说明(请对应产品视图):

1. LED指示灯
2. 多功能按键

▲ 电源开关:按住多功能键5秒,看到红灯亮后释放按键表示开机;按住多功能键5秒看到红灯灭后释放按键表示关机;

▲ 蓝牙配对:按住多功能键8秒,看到灯红灯交替闪烁后释放表示耳机处于配对模式。(配对模式会维持2分钟,超过后未与任何设备连接会自动切换到待机状态,重新配对时需 再按此方式进行操作):

▲ 播放/暂停:短按多功能键一次表示暂停,再短按一次表示继续播放;
▲ 接听/结束通话:来电时短按多功能键一次表示接听,在短按一次表示结束通话;

安全规则

3. 护线套 ;
4. USBDC5V充电口 ;
5. 麦克风 ;
6. 硅胶耳罩 ;
7. 音量±/上下一曲 : 短按为调节音量±,长按为切换上/下一曲

■ 与手机或其他装置匹配 :

为了使用蓝牙耳机,首先必须让V8智能手机进行配对,如果蓝牙耳机和手机配对过,在有效距离内手机和蓝牙耳机会自动进行连接,如果使用的是电脑,也只需选择音频连接即可。

■ 与手机匹配使用及注意事项

● 手机开机同时确保蓝牙功能开启。
● 蓝牙耳机开机并进入匹配模式
● 按手机的操作指引值找蓝牙装置。
● 手机上显示查到的蓝牙设备"V8"后,选择此设备。
● 手机提示您设置配对码时,请输入"0000"作为配对码。
● 手机提示您确定此配对时,请选择配对不要配对。
● 手机提示连接此装置,请选择配对不/不要配对。
● 手机与V8已连接好,您可以打开手机音乐播放器播放音乐或者看电影,玩游戏等,声音都会从V8传出,您还可以通过它的按键来调节音量大小。

操作指南

● 蓝牙耳机V8开机后长按功能键,在红蓝灯交替闪烁时进入匹配
● 在您的电脑上打开蓝牙控制软件(如IVT),选择搜索蓝牙设备菜单提搜索到V8后,选择"配对此装置"选项进行配对,再点击此装置,选择"连接音频装置"选项,蓝牙耳机与电脑建立连接,变成为外置耳机使用。如果操作失败,请重复上述操作,

■ V8充电 :

V8使用MicroUSB充电接口,请使用本产品提供的Micro USB 充电线进行充电。充电时LED等显示为红色,充满电后红灯熄灭。另建议首次使用时至少充电8小时。

注 : 当蓝牙耳机处于低电量时 , LED指示灯每隔20秒 , 红灯快闪3次,并伴有"嘟嘟嘟"的警报声。

■ 疑难解答

1. 为什么我购买的产品开机没声音 ?
答 : 考虑没有电或者电量低而无法使用 , 首次使用时建议充电8小时左右。

2. 耳机播放没有声音 ?
答 : 检查播放装置与蓝牙耳机是否建立连接,如果否则请关机重新连接操作。同时保证

操作指南

您连 接上的是您需要的播放装置,并调整蓝牙耳机的音量到适合的音量等级。

3、为什么手机与蓝牙耳机连接不了 ?
答 : 请确认指示灯是否处于红蓝灯交替闪烁状态, 如果不是请重新开机操作。
