Table of Contents

Lab 1 Creating a Schedule Page 5

Getting Started 5
- Opening the Software 5
- Before You Begin 6
- Important Note about Closing the Project 6

Creating and Saving the Project Schedule 8
- Saving the Project 9
- Adding Additional Project Information 10
- Returning Back to the Gantt Chart 11

Working with Columns 13
- Adding (Inserting) / Removing (Hiding) Columns 13
- Formatting Columns 14

Adding Tasks and Durations 15
- Auto-Schedule 15
- Adding Tasks 15
- Using Spell-Check 16
- Creating Milestone Tasks 17
- Important Note about Row and Task Numbers 17
- Print Preview 18

Adding Logic 20
- Lag Time 20
- Lead Time 20
- Lag -vs- Lead Time 20
- Adding Logic (Linking Tasks) 21
- Linking Tasks Using the Details Split Screen 21
- Hand-Drawn | Hand-Calculated Schedule 27

Schedule Analysis – Lab #1 ..... **28**

Lab 2 Customizing the Look of the Schedule Page 29

Changing the Look of the Schedule 29
- Formatting Bars 31
- Relationship Lines 33
- Sorting the Schedule Tasks by Early Start 34
- Adjusting Column Width 34
- Removing (and Adding) Items from the Legend 35
- Scaling to Fit onto One Page and Formatting the Footer 36

Schedule Analysis – Lab #2 ..... **40**

Lab 3 Working with Calendars Page 41

Opening a Project 41
Note About Recent Files 41
Working with Calendars 45
- Adding Holidays to the Standard Calendar 45
- Creating a Six Day Workweek Calendar 49
- Assigning a Different Calendar to a Task(s) 50

Creating a Weather Calendar 54
Assigning the Weather Calendars 59
A Warning About Multiple Calendars and the Critical Path 62

Schedule Analysis – Lab #3 ..... **63**

Lab 4 Different Views of the Schedule and Organizing the Tasks of the Schedule Page 65

Views of the Schedule 65
Views 65
Customizing the View of the Schedule 66
Network Diagram View 66
Calendar View 70
Task Groups 73
Selecting a Pre-Defined Task Group 73
Creating Summary Schedules 77
Creating a Custom Task Group Based on Attributes You Assigned to Tasks 77
Creating a Custom Task Group Based on Criteria of Your Choice 81
Organizing the Project Using Summary Tasks 88
Important Note 89
(FYI) "Outdenting" a Subtask 91
(FYI) Deleting a Summary Task *(Be Careful)* 91
Drag-and-Dropping Tasks 93
Nesting One Summary Task Inside Another 96

Schedule Analysis – Lab #4 ..... **98**

Lab 5 Resource Loading and Cost Loading Page 99

Resource Loading 99
Building the Resource Team 100
Verify that Tasks are ***Fixed Duration*** and not ***Effort Driven*** 101
Assigning Resources to Tasks 102
Analyzing Over-Allocations of Resources 107
Cost Resources 113
Assigning Cost Resources to Tasks 115
Accelerating the Project Schedule 117

Schedule Analysis – Lab #5 ..... **120**

Lab 6 Updating the Schedule Page 122

Setting Baselines 122
Baseline and Baseline 1 123
Baseline 2 thru 10 123
Formatting Columns 123
Setting ***Baseline*** 124
Setting ***Baseline 1*** 125
Getting Ready for the Update 128
Adding the Actual Start, Actual Finish, Baseline Duration, and Remaining Duration Columns 128

Verify that Tasks are ***Fixed Duration*** and not ***Effort Driven*** 130
Turning On the Status Date Line 131
Adding the Milestone Name to the Milestone Diamond 131
Customizing the Progress Bars 132
Adding Percent Complete (% Complete) to the Bars 133
Updating the Schedule 135
The Tracking Log 135
Process of Updating the Schedule 138
Possible Updating Scenarios 138
The Update Scenario for this Project 140
Setting the Project Status Date 140
Updating Individual Tasks 141
Updating Milestone Tasks 142
Updating with Actual Start and Actual Finish Dates 143
Adding Notes to Tasks 143
Updating with Actual Start and Remaining Duration 145
Updating the "Special Case" 147

Schedule Analysis – Lab #6 ..... **152**

Lab 7 Filters and Look-Ahead Schedules Page 154

Applying an Existing Pre-Defined Filter 155
Creating a Six Week Look-ahead Schedule 157

Schedule Analysis – Lab #7 ..... **162**

Lab 8 Multi-Phase Schedules Page 163

Copying Tasks 164
Moving Tasks 165
Adding Tasks to a Schedule 166
Adding Summary Tasks for Each Building 166
Adding Logic to New Schedule Tasks 167

Schedule Analysis – Lab #8 ..... **176**

Lab 9 Working with Reports Page 178

Project Overview Report 178
Critical Tasks Report 179
Cash Flow Report 180
Creating Custom Reports 182

Schedule Analysis – Lab #9 ..... **186**
