<b>Lab 1 ..... Getting Started with P6</b>	<b>5</b>
About Primavera P6 Professional.....	5
Opening Primavera P6 Professional .....	7
What is the Enterprise Project Structure (EPS) .....	7
Creating a Schedule with P6 .....	9
Working with the Bottom Window of the Screen .....	11
Adding and Removing Buttons To and From the Toolbar .....	11
Adding Activities and Duration .....	13
Opening a Project in P6 .....	13
Changing the Default Sort to Sort by Activity ID .....	14
Adding Activities in P6 .....	15
Adding Durations .....	18
Finding the Bars in the Gantt Chart .....	19
Saving the Project in P6 .....	19
Print Preview .....	20
Adding Logic to the Schedule .....	23
Relationship Types .....	23
Lag Time .....	24
Lead Time .....	24
Lag -vs- Lead Time .....	24
Automatic Calculation Feature .....	25
Activity Details (a.k.a. Details) Window .....	25
Opening and Customizing the Activity Details (a.k.a. Details) Window .....	26
Adding Logic .....	27
Adding Logic to the Schedule Using the Successors Window .....	28
Adding Logic to the Schedule Using Drag and Drop .....	31
Hand-Drawn Schedule .....	34
Exporting (Saving) P6 Project Files to a Flash Drive or a Hard Drive .....	36
Importing a P6 Project Files from a Flash Drive or a Hard Drive .....	37
Creating and Saving P6 Project Files as a PDF File .....	39
E-mailing P6 Project Files .....	40
Hand-Drawn Schedule with Hand-Calculations .....	45
<b>Schedule Analysis – Lab #1 .....</b>	<b>43</b>
 <b>Lab 2 ..... Layouts and</b>	
<b>.....Customizing the Look of the Schedule</b>	<b>46</b>
Opening an Existing Project Schedule .....	46
Copying an Existing Project Schedule.....	46
Renaming an Existing Project Schedule.....	47

Moving the Vertical and Horizontal Split Bars.....	48
Creating Custom Layouts .....	49
Creating a New Layout by Saving a Layout after Changes .....	49
Opening and Applying Existing Layouts .....	51
Customizing the Look of the Schedule .....	58
Formatting Columns .....	58
Formatting Bars and Turning On the Relationship Lines .....	61
Formatting the Timescale .....	62
Formatting the Font .....	63
Sorting Activities by the Early Start .....	63
Customizing the Header, Footer, and Page Setup .....	64
<b>Schedule Analysis – Lab #2 .....</b>	<b>69</b>

**Lab 3..... Working with Calendars 71**

Creating the Lab #3a (before Calendar changes) Layout .....	73
Creating a Holiday Calendar .....	76
Assigning a Calendar to Schedule Activities Using the Details Window .....	79
Assigning a Calendar to Activities Using the Calendar Column .....	80
Weather Calendars .....	84
Creating Weather Calendars .....	85
100% Weather Calendar .....	85
50% Weather Calendar .....	88
Assigning the Weather Calendars .....	90
<b>Schedule Analysis – Lab #3 .....</b>	<b>93</b>

**Lab 4..... Activity Codes and Summary Schedules 95**

Activity Codes - vs - Work Breakdown Structures (WBS) .....	95
Creating Activity Codes .....	97
Assigning Code Values to Activities Using the Details Window .....	100
Assigning Code Values to Activities Using Columns .....	101
Grouping by Activity Codes .....	105
Formatting Activity Code Separation Band Colors .....	107
Formatting Code Description Fonts .....	107
Creating Summary Schedules Using Activity Codes .....	110
<b>Schedule Analysis – Lab #4 .....</b>	<b>113</b>

**Lab 5..... Working with Resources 115**

Resource Loading .....	115
Assigning Resources to Activities .....	116
Reviewing the Resource Assignments Window .....	119

**Lab 5 (con'td)**

Cost Loading ..... 126  
 Assigning Cost Resources to Activities ..... 127  
**Schedule Analysis – Lab #5** ..... 133

**Lab 6 ..... Updating the Schedule** 135

Setting Baselines ..... 136  
 Making a Baseline of the Baseline ..... 136  
 Format the Columns in Preparation for the Baseline Schedule ..... 137  
 Setting and Displaying the Baseline ..... 137  
 Getting Ready for the Update ..... 140  
 Adding the Actual Start, Actual Finish, Baseline Duration, and Remaining  
 Duration Columns ..... 141  
 Customizing the Actual Work Bar ..... 142  
 Adding Percent Complete (% Complete) to the Bars ..... 142  
**Extremely Important Setting** ..... 143  
 Updating the Schedule..... 144  
 The Tracking Log ..... 144  
 Process of Updating the Schedule ..... 145  
 Three Step Process of Updating the Schedule in P6 ..... 145  
 Possible Updating Scenarios ..... 146  
**The Update Scenario for this Project:** ..... 147  
Step 1: Updating Individual Activities ..... 147  
 Updating Milestone Activities ..... 147  
 Updating Hammock (Level of Effort) Activities ..... 148  
 Updating with Actual Start and Actual Finish Dates ..... 148  
 Analyzing the Schedule ..... 149  
 Adding Notes to Activities ..... 150  
 Updating with Actual Start and Remaining Duration ..... 152  
Step 2: Moving the Data Date Forward ..... 153  
Step 3: Re-scheduling the Project Schedule ..... 154  
 The Progress Line in P6 ..... 154  
 The Data Date Line in P6 ..... 155  
**Schedule Analysis – Lab #6** ..... 161

**Lab 7 ..... Filters and Look-Ahead Schedules** 163

Applying an Existing Pre-Defined Filter ..... 164  
 Combining Pre-Defined Filters ..... 168  
 Creating a Six Week Look-Ahead Schedule ..... 172  
 The 2 Weeks Ahead Filter ..... 173  
 Creating a Six Week Look-Ahead Filter ..... 174  
**Schedule Analysis – Lab #7** ..... 179
