Ring Sizer Guide

This guide will help to determine your ring size but we strongly recommend getting sized in person by a jeweller.

HOW TO DETERMINE YOUR RING SIZE

Confirm Printed Paper Size Below

1. Prior to printing, ensure that page scaling is set to 'none' / '100%' or 'actual size' on your print dialog box. Deselect 'fit to page'
2. Measure the black bar above. It must be exactly 5cm or 50 mm long

FIND YOUR RING SIZE

Measure Current Ring

1. Choose a ring that fits correctly on the intended finger.
2. Place the ring on the circles to the right. Match the inside diameter to the nearest circle size. If the size of the current ring is in-between sizes purchase the larger size.
3. Always double check to confirm ring size.

Paper / String Test

You will need:

A piece of string or paper | Ruler | Pen | Scissors

1. Cut a piece of the string or the paper.
2. Wrap the string around the biggest part of the finger you want to wear the ring on, mark with a pen.
3. Measure the string's length with a ruler. Use the size chart below to find your ring size.
