

Hemplete

Dear Store Manager,

I would like to request that your store carry Hemplete hemp protein bars - protein bars that deliver you the best plant protein in the tastiest package! It sounds too good to be true, but it's not - Hemplete is high in protein, low in sugar and net carbs, and made with all natural non-gmo ingredients. I frequently shop at your store and would love to find Hemplete in your protein bar aisle. Please contact Hemplete directly at wholesale@hemplete.com if you have any additional questions.
