## Road Test: Bunsters Hot Sauce Making Kit

Bunsters Hot Sauce Making Kit.

By ROSS BILTON, THE WEEKEND AUSTRALIAN MAGAZINE THE WEEKEND AUSTRALIAN MAGAZINE 12:00AM FEBRUARY 2, 2019 . A COMMENTS

What is it? Everything you need to make your own knockout hot sauces: a recipe booklet, measuring glass, funnel, pen, blank labels – and a bottle of Bunsters' Black Label.

Black Label? That sounds serious. Indeed, the tiniest lick of this concentrated. super-fiery concoction - created by Perth chilli fancier Renae Bunster, who crowdfunded the firm - will have you gasping in the foetal position. You're not supposed to have it neat, though; it's the basis for your DIY sauces.

Go on... You simply add everyday ingredients (orange juice, curry powder, cider vinegar, honey, soy sauce, etc) to dilute it and customise your own sauces. You can follow Renae's recipes, or go off-piste.

Anything else? The Black Label bottle is oldschool elegant – but on the label, in tiny script typeface, is a warning: "May cause anal leakage." Is she having a laugh or what?
