SOLE has the treadmills, ellipticals, and exercise bikes to make any fitness center complete, regardless of whether that’s in your basement or in your gym. Preferred by hotel’s In Room Fitness programs, SOLE equipments has received numerous “Best Buy” reviews from the most reputable consumer review sites and magazines.
We'll Move You

SOLE 2019 TREADMILLS 03
**SOLE TREADMILLS are built for performance and have the high quality build and feel you would find at the gym, in a treadmill for the home. We only use the best components from powerful motors to oversize rollers.**

Whether you’re a fitness fanatic, or just getting started, a SOLE treadmill is the perfect exercise equipment to take your training to the next level.

SOLE TREADMILLS allow you to get a great workout regardless of weather or time constraints, and our new APP keeps you motivated helping you to reach your fitness goals. You can now view your workout profile on your mobile device during your workout. Or you can watch a movie, news, check your mail while the SOLE APP continues to record your exercise data in the background.
SOLE Treadmills are built to satisfy and feature only the finest components. From the motors to the rollers, and the belts to the steel, SOLE Treadmills are made for performance. Having been proven in the daily rigorous hotel environment, SOLE Treadmills have the high quality feel you would find at the gym, in a treadmill for your home.

**FEATURES**

- **Convenient Speed & Incline Controls**
  Built in speed and incline controls in our handrails add ease of use and unparalleled control during your workout.

- **Sound System with 2 way Cable**
  The workout just got easier, the sound system allows for anyone with a music device to be able to listen to their music during their workouts.

- **Cushion Flex Suspension System**
  This deck provides our users with a comfortable and quiet workout. In a recent study our cushion flex has proven to reduce impact of up to 40% as compared to running on asphalt.

- **USB Charging**
  Now you can charge your phone or mp3 player during your workout with the new USB charging station.

- **Easy Assist Folding Design**
  At the flip of a switch the deck will unfold itself slowly without need for assistance, as well as fold back securely and easily into upright position.

- **Double Horseshoe Folding Frame**
  The treadmill needed to be as mobile as possible while still providing an efficient workout. Our easy to move design resulted in an all-steel welded frame that is more stable than most non-folding frames.
We use double woven 2-ply belts with four layers on almost all of our treadmills. Two rubber layers over a middle PVC layer with a nylon backing that rolls over the deck and rollers. The rubber provides the durability, the PVC stops the belt from over-stretching and the nylon provides a smooth static free surface to glide over the deck and rollers.

There are 10 challenging programs to choose from. All training programs make the best of their respective emphasis – from the cardio intensity of “Fat Burn” to the added benefits of muscle toning through “Strength” Both the Manual and the User Defined program enable the freedom to self-design for starters and for those who train rigorously. Additionally, the User Defined program saves two user’s profiles for the convenience of the next workout.
TREADMILLS

Whether you’re a fitness fanatic, or just getting started, a SOLE treadmill is the perfect exercise equipment to take your training to the next level.

**F63**

**Built For Great Performance**
The F63 has been under the spotlight among other brands of similar price range, acclaimed as “Simply the Best” by online consumer sources and magazines. It earned the reputation of high quality materials at good value.

- Powerful motor provides smooth quiet ride
- Easy to store when not in use
- Heavy duty steel frame built to last for life
- Bright backlit 6.5” LCD
- Toggle switch
- Cooling fan and heart rate monitor included
- Bluetooth heart rate monitor
- Bluetooth speaker

**F65**

**A Nearly 5/5 Star Model**
SOLE created the new F65 treadmill with a few upgrades from the very popular F63 model. The F65 jumps up to a powerful 3.25 Continuous Duty HP motor, which delivers challenging speeds up to 12 mph and inclines up to 15 levels.

- Upgraded version of the popular F63
- Affordable treadmill with high quality
- Wide track great for all strides
- Bright backlit 7.5” LCD
- Toggle switch
- Cooling fan and heart rate monitor included
- Bluetooth heart rate monitor
- Bluetooth speaker

**F80**

**The “Best Buy” In All Aspects**
This award-winning treadmill upgrades to the Cushion Flex Whisper Deck, which reduces impact up to 36.5% to 40% compared to running on asphalt, testified by study.

- Run hard while reducing wear and tear on knees
- Intuitive and user-friendly console with 9” LCD
- Highest grade steel
- Most powerful and quietest motor in industry
- Easy-adjust switches on handles
- Easy to store when not in use
- Bluetooth heart rate monitor
- Bluetooth speaker
Delivering high quality workouts

F85
The Strongest Folding Treadmill On The Planet
The top model in folding series, the F85 treadmill incorporates all the specs of the F80 and features the highest horse power motor that Sole offers. A truly impressive 4.0 HP Continuous Duty HP motor with output and performance second to none.

- Run hard without impact damage to knees
- Intuitive controls and console
- 10.1” graphic display
- Heavy-duty steel frame construction
- Most powerful and quietest motor in industry
- Best folding treadmill in market
- Bluetooth heart rate monitor
- Bluetooth speaker

S77
Featuring SOLE’s Strongest Motor
The S77 treadmill has the power of a club quality treadmill. The S77 treadmill has all the same great features as the F85 treadmill and adds a 4.0 Cont. Duty HP motor and also incorporates the largest deck that SOLE offers, an exceptional 22” wide running surface that is comfortable for any runner.

- Powerful motor allows for easy transitions
- Incredible technology integration
- Widest track on the market
- 10.1” graphic display
- Toggle switch
- Bluetooth heart rate monitor
- Bluetooth speaker

TD80
The Solution To Stay Active While Working
The SOLE Treadmill Desk allows the user to walk at their own pace while getting their work done. Get out of your desk chair and work your way toward improved energy and greater health.

- Slow, medium, fast quick speed controls
- Large 47 x 32” working surface
- Fully folding table and deck
- 20 x 50” cushioned deck
- Fully adjustable desk height
- Easy to store when not in use
Whether you’re a fitness fanatic, or just getting started, a SOLE treadmill is the perfect exercise equipment to take your training to the next level.

**TT8**

**Miles Ahead Of The Competition**

The TT8 is an engineering marvel in every sense. TT8 stands for 22” - the width of the running surface designed to give runners a safe and comfortable feel at all times. The TT8 is on par with commercial level machines - at a fraction of their costs.

- Powerful motor provides smooth ride
- Easy transition in inclines and decline levels
- Save knees with impact-reduction technology
- Most user-friendly technology integration
- Highest grade of steel used
- Wide track for wide stride
- Bluetooth heart rate monitor
- Bluetooth speaker

**TT9**

**The Ultimate In Features & Performance**

The TT9 is the heaviest machines of all the SOLE treadmills. It’s designed to withstand the rigors of multi users, for multiple hours, on a daily basis. Definitely a product that will stand the test of time and maintain its value for years to come.

- SOLE’s most heavy duty treadmill
- Perfect for light commercial or home use
- Commercial grade motor, flywheel, and belt
- Wide track
- Powerful motor provide smooth workout
- 10.1 TFT w/ capacitive touch screen
- Bluetooth heart rate monitor
- Bluetooth speaker

**Simulation Exercise**

To simulate the hills climbing and walking back down for our users, the TT8 and TT9 providing both incline and decline functions for our machine.

The incline ranges is from 0 to 15 levels and the decline ranges is from 0 to -6 levels.
SOLE ELLIPTICALS are built for performance and have the high quality build and feel you would find at the gym, in an Elliptical for the home or light commercial use. We only use the best components from heavy aluminum flywheels to strong electro magnets for an ultra smooth workout.

SOLE ELLIPTICALS deliver a smooth, continuous foot motion with an ellipse movement that is level and perfectly simulates walking or running.

SOLE ELLIPTICALS allow you to get a great workout regardless of weather or time constraints, and our new APP keeps you motivated helping you to reach your fitness goals. You can now view your workout profile on your mobile device during your workout. Or you can watch a movie, news, check your mail while the SOLE APP continues to record your exercise data in the background.
We at SOLE feel you shouldn’t have to have a degree in orthopedics to buy an elliptical trainer. What you really need is an elliptical with a smooth, continuous foot motion, or an ellipse pattern (the pattern your foot travels during exercise) that is level and simulates walking or running.

**FEATURES**

**ELLIPTICAL**

**Multi-grip Position Handles**
This innovative design enables users to find the most comfortable and ergonomic positions on the handle, making the workouts more enjoyable than ever.

**Convenient Resistance and Incline Controls**
Adjustable incline and resistance controls built into the arms make it easy to change your workout without ever moving your hands.

**Power Incline**
A power incline feature which offers additional resistance and variable positions in your workout at the touch of a button. The ramp angle is adjustable from 0 to 30 degrees, allowing you to work all lower body muscle groups.

**USB Charging**
Now you can charge your phone or mp3 player during your workout with the new USB charging station.

**2 Degree Inward Custom Designed Foot Pedals**
A 2 degree inward slope to the foot pedals which reduce ankle and knee stress common in other elliptical machines.

**Adjustable Foot Pedals**
Not everyone walks the same way; for this reason we have made the pedals adjustable to fit the way you walk. This feature also reduces the numb toe effects and sore Achilles tendons.
With the unique two-degree inward inversion is featured as with SOLE’s ellipticals. The narrow spacing in between the oversized, cushioned pedals ensures an ideal stride motion.

There are 10 challenging programs to choose from. All training programs make the best of their respective emphasis – from the cardio intensity of “Fat Burn” to the added benefits of muscle toning through “Strength.” Both the Manual and the User Defined program enable the freedom to self-design for starters and for those who train rigorously. Additionally, the User Defined program saves two user’s profiles for the convenience of the next workout.

**Ergonomic pedals**

With the unique two-degree inward inversion is featured as with SOLE’s ellipticals. The narrow spacing in between the oversized, cushioned pedals ensures an ideal stride motion.
What you really need is an elliptical with a smooth, continuous foot motion, or an ellipse pattern that is level and simulates walking or running.

**E25**

**Priced To Please, Built To Perform**

Easy to use electronic console with a vibrant white back lit LCD display. Includes a built-in cooling fan and water bottle holder. The console also has built in speakers which allow you to hook up any MP3 player (iPod, etc.) for easy listening.

- Best stepper under $1,000
- Different workouts to challenge all fitness levels
- Smoothest ride of any elliptical in its class
- Best technology integration
- True no-impact total body workout
- Speakers, audio and cooling fan
- Bluetooth speaker
- Bluetooth heart rate monitor

**E35**

**Fluid, Stable, And Smooth**

Includes a 7.5” display console with a white back lit LCD display. Includes a built-in cooling fan and water bottle holder. The console also has built in speakers which allow you to hook up any MP3 player (iPod, etc.) for easy listening.

- Best full body workout in its class
- Most comfortable foot pedals
- Eliminates strain from hips, ankles, and knees
- Smoothest, quietest ride
- Integrated technology makes progress easy
- Heavy duty steel frame lasts for life
- Bluetooth heart rate monitor
- Bluetooth speaker

**E55**

**Gym Quality From Top To Bottom**

Fluid natural motion provided by a whisper quiet drive system. Functions in both forward and reverse motion. The combination of a heavy 20 lb flywheel and a high gear ratio not found on comparable models means an extremely smooth feel with plenty of resistance at the top end for a machine that will provide a challenging workout.

- Perfect elliptical machine for smaller spaces
- Stable, smooth ride unmatched in its class
- Pedals designed to eliminate joint pain & aches
- Speakers, audio and cooling fan
- Bluetooth heart rate monitor
- Bluetooth speaker
E95

**An Absolute Best Buy in Every Sense**

Easy to use electronic console with all the features of a health club model. The E95 uses a vibrant 10.1” TFT display which is used in many club models. Includes a built-in cooling fan and water bottle holder. The console also has built-in speakers which allow you to hook up any MP3 player (iPod, etc.) for easy listening.

- Top rated elliptical
- Most comfortable elliptical on the market
- Eliminates pain in hips, ankles, and knees
- Having complete control over your workout
- Bluetooth heart rate monitor
- Bluetooth speaker

E98

**A Revolutionary, Gym Quality Elliptical**

The SOLE Light Commercial E98 Elliptical was built for the commercial environment, from its articulating foot pedals to its heavy 32 lb flywheel the E98 is quickly becoming the popular model in light commercial settings and is rapidly replacing its overpriced high end counterparts.

- Extremely smooth feel
- Upgraded Handlebars
- Custom Designed Foot Pedals
- Power Incline
- 10.1” bright LCD screen
- Bluetooth heart rate monitor
- Bluetooth speaker
ELLIPTICALS

What you really need is an elliptical with a smooth, continuous foot motion, or an ellipse pattern that is level and simulates walking or running.

E95s

Club Quality From Top To Bottom

Introducing the most affordable adjustable stride length elliptical on the market. The E95s takes a balanced approach in terms of providing the benefits between running and elliptical use. Make adjustments in your stride on the go, and take your workout to new levels.

- 30 lb flywheel provides quiet, smooth motion
- Strong frame
- 10.1” bright LCD screen
- Completely customizable to fit your stride
- Bluetooth speaker
- Bluetooth heart rate monitor

Adjustable Strides

Variable strides can replicate walking, jogging, and running depending on the length of stride chosen. Shorter strides enable a relatively vertical leg movement, while longer strides emphasize hamstrings and glutes training. Adjustments are controlled electronically from 45-61 cm (18” - 24”).
We'll Move You
SOLE BIKES are built for performance and have the high quality build and feel you would find at the gym, in a Bike for the home or light commercial use. We only use the best components delivering both a comfortable and affordable workout. Our bikes let you decide when, where, and how long you want to exercise.

The natural, and comfortable feel of SOLE upright and recumbent bikes is achieved with ergonomic design, adjustable seat adjustment and a large, easy-to-view console display.

SOLE BIKES allow you to get a great workout regardless of weather or time constraints, and our new APP keeps you motivated helping you to reach your fitness goals. You can now view your workout profile on your mobile device during your workout. Or you can watch a movie, news, check your mail while the SOLE APP continues to record your exercise data in the background.
SOLE exercise bikes combine comfort and affordability into one. Our bikes let you decide when, where, and how long you want to exercise, all factors that determine the comfort level of your workout. The natural, comfortable feel of SOLE upright and recumbent bikes is achieved with an ergonomic design, adjustable seating and an easy-to-view console display.

**USB Charging**
Now you can charge your phone or mp3 player during your workout with the new USB charging station.

**Adjustable Seating**
Allows a user to move forward and backward on the seat as well as the back rest. Because all users differ in height, it’s important to have the freedom of finding that perfect comfort level during a workout.

**Frame**
A strong durable frame is vital for Light Commercial bikes. Heavy Steel tubing along with aluminum shroud makes the SOLE bikes indestructible but light and manageable. Two wheels upfront act as touch points and make moving the bikes easy and convenient.

**Display**
Easy console viewing prevents workout frustrations. Displaying workout info on a large screen is vital for meeting workout goals. Easy viewing means less distractions and more achievement.

**Pedal Design**
The ergonomic design of the SOLE Bikes is unique because of our specific pedal design. The 2 degree inward cant on the pedal prevents aches in the knees and feet from occurring by aligning the joints in their correct posture during a workout.
There are 10 challenging programs to choose from. All training programs make the best of their respective emphasis – from the cardio intensity of "Fat Burn" to the added benefits of muscle toning through "Strength" Both the Manual and the User Defined program enable the freedom to self-design for starters and for those who train rigorously. Additionally, the User Defined program saves two user’s profiles for the convenience of the next workout.

**SPECIALIZED WORKOUT PROGRAMS**

- **Cardio**
- **Fat Burn**
- **Hill**
- **HR 1**
- **HR 2**
- **Interval**
- **Manual**
- **Strength**

Our latest products feature enhanced LCD and graphic display. It’s more vibrant, informative and visually accessible. The LCD and graphic display tilts easily to match your eye-line, bringing your stats and information to you.
SOLE exercise bikes combine comfort and affordability into one, because we believe workouts don't require being uncomfortable.

**LCB**

**Great Workout With Comfort**

The SOLE LCB has 40 levels of resistance and a 31 lb flywheel, making a nice, smooth transition between resistance levels. Oversized cushioned foot pedals coupled with a 2-degree inward slope will provide for an extremely comfortable workout.

- 6 Pre-set programs
- 40 levels of resistance
- 30 lb flywheel provides quiet, smooth ride
- 10.1” graphic display
- Adjustable seat and pedals
- Strong durable frame
- Bluetooth speaker
- Bluetooth heart rate monitor

**LCR**

**Superior Supportive Design**

SOLE's LCR is the perfect recumbent bike for people looking to stay in shape without the risk of pain. The LCR is Top Rated because it provides incredible value and is the most functional recumbent bike on the market.

- 30 lb flywheel provides quiet, smooth ride
- Most comfortable recumbent bike in its class
- Adjustable seating and foot pedals
- Heavy duty steel frame and aluminum finish
- 10.1” graphic display
- 40 different levels of resistance
- Bluetooth speaker
- Bluetooth heart rate monitor

**R92**

**Less Pain But More Gain**

Recumbent bikes are becoming the latest trend in the exercise world and the Sole R92 is leading the pack. SOLE’s R92 is the industry standard for a recumbent bike providing physical challenges that are easy on the joints.

- Adjustable padded seat
- 2 degree inward design
- Heavy duty steel frame and aluminum finish
- Compact size lets you put it anywhere
- Smooth transitions
- Bright, easy to read 9” LCD display
- Bluetooth speaker
- Bluetooth heart rate monitor
Comfortable And Compact

It’s a fact that most bike users will tell you the number one priority about using an upright bike is being comfortable but yet challenged in the workout. The B94 stationary bike provides both and is used in the comfort and convenience of your own home. The adjustable gel seat, strong frame and ergonomically designed pedals allow for the machine to conform itself to you instead of the other way around.

- Adjustable gel seat
- Lightweight ergonomic design
- Bluetooth heart rate monitor
- Bluetooth speaker

Intensity? Not A Problem

The SOLE SB700 takes users to the next level of exercising and is satisfactory to both the Indoor and outdoor cyclist. Understanding the needs of both types of users, Sole combined them together to design a comfortable, affordable bike allowing users to have the dual experience in the comfort of their own home or Light Commercial setting.

- Commercial grade flywheel
- Oversized foot pedals
- Adjustable seat and handlebars
- Comfort level

Taking It Up Another Notch!

The SOLE SB900 was designed to include SPD pedals, a wireless display console, quiet magnetic brake resistance, and a convenient water bottle holder. The seat and handlebars are fully adjustable with conveniently placed fasteners, allowing each user to find the right position for a comfortable workout, while the sturdy frame, and heavy weight flywheel ensure a smooth and quiet ride.

- Commercial grade flywheel
- Oversized foot pedals
- Adjustable seat and handlebars
- Comfort level
We'll Move You
STEPPERS

Fluid, Stable, Smooth...

The intent of the SC200 and SC300 are to provide a workout that focuses on the lower body, without applying too much stress on the hip and knee joints. The idea behind an arc trainer is to go hard and go fast, the ergonomically designed stepper comes equipped with rubber-grip handlebars and corrosion resistant aluminum rails, which add to the durability and sustainability of the stepper series. Also the built-in levers ensure stability and safety on most surfaces. At 165 lbs not only is it light weight to move but it also comes with roll wheels that allow almost any user the necessary ease to place the machine anywhere in the home. Overall, the design of the stepper series is attractive, featuring powder-coated steel tubing, and a high weight capacity of 330 pounds.
There are 10 challenging programs to choose from. All training programs make the best of their respective emphasis – from the cardio intensity of “Fat Burn” to the added benefits of muscle toning through “Strength.” Both the Manual and the User Defined program enable the freedom to self-design for starters and for those who train rigorously. Additionally, the User Defined program saves two user’s profiles for the convenience of the next workout.

**STEPPERS FEATURES**

**USB Charging**
Now you can charge your phone or mp3 player during your workout with the new USB charging station.

**Pedal Design**
The ergonomic design of the SOLE Bikes is unique because of our specific pedal design. The 2 degree inward cant on the pedal prevents aches in the knees and feet from occurring by aligning the joints in their correct posture during a workout.

**Power Incline**
Our steppers have a power incline feature which offers additional resistance and variable positions in your workout at the touch of a button. The ramp angle is adjustable from 0 to 30 degrees, allowing you to work all lower body muscle groups.

**CONSOLE**

- Phone & Pad Holder
- Cooling Fans
- LCD Display
- Speaker
- Bluetooth Speaker & Heart Rate Monitor Enabled
- Program Button
- Step Height Control
- Resistance Levels Control
- Audio in Jack
- Headphone Jack

**SPECIALIZED WORKOUT PROGRAMS**

There are 10 challenging programs to choose from. All training programs make the best of their respective emphasis – from the cardio intensity of “Fat Burn” to the added benefits of muscle toning through “Strength.” Both the Manual and the User Defined program enable the freedom to self-design for starters and for those who train rigorously. Additionally, the User Defined program saves two user’s profiles for the convenience of the next workout.
SOLE steppers combine comfort and affordability into one, because we believe workouts don’t require being uncomfortable.

SC200
Not Your Grandma’s Stair Master
SOLE has built a stepper that combines the best of stair climbers and ellipticals. The SC200 has everything the home fitness enthusiast could want at an affordable price. The answer for a low impact yet effective workout.

- 20 levels of incline provide challenges
- Smooth feel thanks to 20 lb flywheel
- Foot pedals designed by physical therapists
- Incredible lower body workout
- Compact design perfect for any room
- Bright 7.5” LCD display
- Bluetooth Speaker
- Bluetooth Heart rate monitor

SC300
Now With Incline!
We improved the SC200 by adding 20 levels of resistance. The SC300 provides an effective workout for hikers and runners alike without the risk of joint pain.

- Upgraded version of the SC200
- Designed to eliminate joint pain
- 9” LCD screen
- NULL 10 different pre-set programs
- Heavy duty steel frame
- Multiple user profiles gets you the right workout
- Adjustable foot pedals work with your stride
- Bluetooth Speaker
- Bluetooth Heart rate monitor
At SOLE, our rowers are designed to meet consumer needs and allow you to work out on your own terms. The natural, comfortable feel of SOLE rowers has been achieved using an ergonomic design, comfortable seat, easy to view console display, and a strong durable frame. Using only premium components, SOLE has focused on helping you achieve your fitness goals without sacrificing the quality of the product.
Comfort, Convenience And Reliability

Working out is more enjoyable than ever with the SOLE SR500 rower, featuring ultra-smooth air and magnetic resistance motion to create a realistic rowing sensation. This quality constructed machine includes a long aluminum rail to accommodate multiple users of various heights. With its folding design and transport wheels, the SR500 is easy to move and store when not in use.

- Comfortable design
- 5.5" backlit LCD display
- Folding frame design
- Smooth magnetic/air rower action
- Strong durable frame
We’ll Move You
The SOLE FITNESS APP is designed to monitor and record your workout data with all SOLE FITNESS equipment which now includes an integrated Bluetooth 4.0 module that is compatible with most iOS and Android mobile devices. Simply download the SOLE FITNESS APP, set up the account, pair with your SOLE FITNESS equipment then your ready to track your workout schedule, design your workout plan and set your workout program. All the personal profile and exercise data will be stored in your mobile device. You can now view your workout profile on your mobile device during your workout. Or you can watch a movie, news, check your mail while the SOLE FITNESS APP continues to record your exercise data in the background. The SOLE FITNESS APP also communicates with FitBit, iHealth, RECORD, mapmyfitness and other open source training apps so you can to continue using the fitness apps that you are familiar with and keep all your workout history in one safe place.

# Three display mode ( Simple / Track / Dashboard ) options
# Four languages support, Traditional Chinese / Simplified Chinese / English / French
THE SOLE FITNESS APP communicates with FitBit, iHealth, RECORD, mapmyfitness and other open source training apps.

**User Profile**
Enter your name, age, gender, height and other personal information. You could also enter your workout goal as a reminder. Allow access by multiple users.

**Display**
Three types of display modes, showing speed / distance / time / level / pulse rate / intensity and other info.

**Programs**
Multiple exercise mode, different exercise intensities and flexible workout length of time to choose by your need.

**Calendar**
Calendar keeps all your workout records, showing daily / weekly / monthly / yearly records. You could sync with other trainer apps to track your workout journal.
Start your training with Kinomap!
Fitness
Fun Anywhere

Well-known to be the largest geolocated video-sharing platform in the world, Kinomap provides training Apps to offer runners, cyclists and rowers willing to train on existing routes and energize their indoor training sessions.

Kinomap turns your bike trainer, exercise bike, treadmill or rowing machine into a powerful and fun fitness device. Choose a video and train on the Kinomap app. Watch your icon progress on the map as you follow the video. The app will change incline or resistance on your equipment to follow each video you choose in real time. Kinomap works on any training equipments / bike trainers using the camera of your smartphone or tablet. For an even richer experience, you can purchase an interactive machine. Find the right equipment by clicking the link below.

Join a multiplayer session! Compete on Kinomap’s multiplayer platform (every hour on the hour). Join a session and see how you stack up against our other challengers.

All SOLE Bluetooth enabled equipments are now compatible with Kinomap. Join now and make your training session full with fun and excitement!
