

BFINVER10 Inversion Table

BFINVER10 Inversion Table

The Best Fitness Inversion Table takes advantage of gravity to relieve pressure in your back. In one smooth motion you can go from an upright position to inverted. Just adjust the unit to accommodate your height and strap the ankle cuffs on. Then lean back and enjoy the benefits of inversion therapy, including less back and neck pain, fewer headaches, better posture, improved blood flow, and stress relief. A stable base supports a comfortably padded nylon backboard. A nylon safety strap ensures stability during inversion. A graduated scale on the extension bar allows simple, fast adjustments to accommodate users. A simply pull on two pins collapses it and folds it away in a closet.

Special Features

- Padded nylon backboard
- Nylon safety strap
- Adjustable ankle cuffs
- Two pin collapse-and-fold design

Warranty
