

BSTBR Battle Ropes

BSTBR Battle Ropes

Rope training is growing in popularity in particular with professional athletes, personal trainers, health clubs, and home fitness enthusiasts. Ropes are portable and can be used anywhere for both indoor and outdoor training. Training can be done with individual users or couples and is usually very intense involving the use of multiple muscle groups simultaneously while increasing overall strength, hand strength, and cardio endurance. Body-Solid's Training Ropes come in 6 sizes with varying lengths and diameters. All ropes are made of durable poly-twine with wrapped finished ends for durability. In addition they are black in color to help mask dirt build up over time.

Available in six sizes:

- 1.5 inch Diameter. 30 Ft. Rope
- 1.5 inch Diameter. 40 Ft. Rope
- 1.5 inch Diameter. 50 Ft. Rope
- 2 inch Diameter. 30 Ft. Rope
- 2 inch Diameter. 40 Ft. Rope
- 2 inch Diameter. 50 Ft. Rope
