

# BSTHRB HEAVY RUBBER BALLS

## BSTHRB Heavy Rubber Balls

Each of the BSTHRB Heavy Rubber Balls is 13.6" in diameter and comes in six different weight options—20-70 lbs.—making them a great addition to any home gym or facility.

Body-Solid Tools BSTHRB Heavy Rubber Balls will perfectly integrate into several popular workout routines including wall ball workouts, squats, partner/group tosses plus all slam ball and medicine ball-related exercises.

Built not only for durability but also comfort, Body-Solid Tools BSTHRB Heavy Rubber Balls feature easy-grip rubber construction, ensuring a tight and firm grip throughout the workout.

Each ball is color-coded by weight and features both lbs. and kgs. weight displays for quick and easy use:  
*20lbs.=Purple, 30lbs.=Yellow, 40lbs.=Green, 50lbs.=Red, 60lbs.=Blue, 70lbs.=Gray.*
