by Body-Solid

LED Display Console

The E300 features a 2-window, color LED Display with easy-to-use functional buttons and program controls.

E300 Elliptical Trainer

Endurance Center Drive elliptical trainers are the perfect blend of research, engineering, performance and technology. Patented technologies have been applied to provide a stable, space-efficient platform to perform rigorous low impact full body workouts. The combination of a natural stride, quality manufacturing and superior programming have created the latest evolution in cardio training.

The E300 comes equipped with Heart Rate Contacts. The Heart Rate Contacts send your heart rate information to the console for processing. To measure Heart Rate, your hands need to firmly grasp the entire area of the Heart Rate Contact Sensors on both sides of the handlebar.

Weight: 232 lbs.
