Be sure that all users carefully read and understand all warning, safety and maintenance labels on the machine before each use. Failure to do so may result in death or serious injury.

It is imperative that you retain this Owner’s Manual and be sure all warning labels are legible and intact. Replacement Owner’s Manuals and warning labels are available from your local Body-Solid dealer.

If you have any questions about the operation, set up or maintenance of this machine please call our customer service department at 1 (800) 556-3113.

Important Safety Instructions

Before beginning any fitness program, you should obtain a complete physical examination from your physician.

Il est conseillé de subir un examen médical complet avant d’entreprendre tout programme d’exercice. Si vous avez des étourdissements ou des faiblesses, arrêtez les exercices immédiatement.

Antes de comenzar cualquier programa de ejercicios, deberías tener un examen físico con su doctor.

When using exercise equipment, you should always take basic precautions, including the following:

- Read all instructions before using the GFID100. These instructions are written to ensure your safety and to protect the unit.
- Do not remove any safety labels from the machine.
- Do not allow children on or near the equipment.
- Use the equipment only for its intended purpose as described in this guide. Do not use accessory attachments that are not recommended by the manufacturer. Such attachments might cause injuries.
- Wear proper exercise clothing and shoes for your workout, no loose clothing.
- Keep hands, limbs, loose clothing, and long hair well out of the way of all moving parts.
- Use care when getting on or off the unit.
- Do not overexert yourself or work to exhaustion.
- If you feel any pain or abnormal symptoms, stop your workout immediately and consult your physician.
- Never operate unit when it has been dropped or damaged. Return the equipment to a service center for examination and repair.
- Never drop or insert objects into any opening in the equipment.
- Always check the unit and its cables before each use. Make sure that all fasteners and cables are secure and in good working condition.
- Do not use the equipment outdoors or near water.

Personal Safety During Assembly

- Before beginning assembly, please take the time to read the instructions thoroughly.
- Read each step in the assembly instructions and follow the steps in sequence. Do not skip ahead. If you skip ahead, you may learn later that you have to disassemble components and that you may have damaged the equipment.
- Assemble and operate the GFID100 on a solid, level surface. Locate the unit a few feet from the walls or furniture to provide easy access.

The GFID100 is designed for your enjoyment. By following these precautions and using common sense, you will have many safe and pleasurable hours of healthful exercise with your Body-Solid FLAT INCLINE DECLINE BENCH.

After assembly, you should check all functions to ensure correct operation. If you experience problems, first recheck the assembly instructions to locate any possible errors made during assembly. If you are unable to correct the problem, call the dealer from whom you purchased the machine or call 1-800-556-3113 for the dealer nearest you.

Obtaining Service

Please use this Owner’s Manual to make sure that all parts have been included in your shipment. When ordering parts, you must use the part number and description from this Owner’s Manual. Use only Body-Solid replacement parts when servicing this machine. Failure to do so will void your warranty and could result in personal injury.

For information about product operation or service, check out the official Body-Solid website at www.bodysolid.com or contact an authorized Body-Solid dealer or a Body-Solid factory-authorized service company or contact Body-Solid customer service at one of the following:

Toll Free: 1-800-556-3113
Phone: 1-708-427-3555
Fax: 1-708-427-3556
Hours: M-F 8:30-5:00 CST
E-Mail: service@bodysolid.com

Or write to:
Body-Solid, Inc.
Service Department
1900 S. Des Plaines Ave.
Forest Park, IL 60130 USA

Retain this Owner's Manual for future reference. If you need to order replacement parts please be prepared to provide the following information when contacting us so that we can assist you better.

1. Model Number
2. Place of Purchase
3. Serial Number (S/N)
4. Part # and Description
Thank you for purchasing the GFID100. This Product is part of the Body-Solid line of quality strength training machines, which lets you target specific muscle groups to achieve better muscle tone and overall body conditioning. To maximize your use of the equipment please study this Owner’s Manual thoroughly.

Required Tools
The basic tools that you must obtain before assembling the GFID100 include but are not limited to:

- Standard Wrench Set
- Metric Wrench Set
- Adjustable Wrench

Installation Requirements
Follow these installation requirements when assembling the GFID100:

Set up the GFID100 on a solid, flat surface. A smooth, flat surface under the machine helps keep it level. A level machine has fewer malfunctions.

Provide ample space around the machine. Open space around the machine allows for easier access.

Insert all bolts in the same direction. For aesthetic purposes, insert all bolts in the same direction unless specified (in text or illustrations) to do otherwise.

Leave room for adjustments. Tighten fasteners such as bolts, nuts, and screws so the unit is stable, but leave room for adjustments. Do not fully tighten fasteners until instructed in the assembly steps to do so.

Fill out and mail the warranty card.

Assembly Tips
Read all “Notes” on each page before beginning each step.

While you may be able to assemble the GFID100 using the illustrations only, important safety notes and other tips are included in the text.

Some pieces may have extra holes that you will not use. Use only those holes indicated in the instructions and illustrations.

NOTE: With so many assembled parts, proper alignment and adjustment is critical. While tightening the nuts and bolts, be sure to leave room for adjustments.

NOTE: The bottles that are marked “Poison” is your touch up paint. Keep away from children.

CAUTION: Obtain assistance! If you feel like you can’t assemble the GFID100 by yourself then do not attempt to do so as this could result in injury. Review the installation requirements before proceeding with the following steps.

Body-Solid continually seeks ways to improve the performance, specifications and product manuals in order to ensure that only superior products are released from our factories. Please take the time to carefully read through this manual thoroughly. Instructions contained in this document are not intended to cover all details or variations possible with Body-Solid equipment, or to cover every contingency that may be met in conjunction with installation, operation, maintenance or troubleshooting of the equipment. Even though we have prepared this manual with extreme care, neither the publisher nor the author can accept responsibility for any errors in, or omission from, the information given. Should additional information be required, or should situations arise that are not covered by this manual, the matter should be directed to your local Body-Solid representative, or the Service Department at Body-Solid Inc. in Forest Park, Illinois.

STEP 1

Be careful to assemble all components in the sequence they are presented.

NOTE:
Finger tighten all hardware in this step. DO NOT wrench tighten until instructed. Some components may be pre-assembled. Nylon lock nuts will not fully screw onto bolts, they must be wrench tighten to fully go on.

1A. Attach Front Leg (B) to Main Frame (A) using:
   2 - (#3) M10x95mm Carriage Bolt
   2 - (#13) M10 Flat Washer
   2 - (#10) M10 Nylon Lock Nut

1B. Attach Back Leg (C) to Main Frame (A) using:
   2 - (#3) M10x95mm Carriage Bolt
   2 - (#13) M10 Flat Washer
   2 - (#10) M10 Nylon Lock Nut

1C. Attach U Bracket (D) to Main Frame (A) using:
   1 - (#5) M10x95mm Hex Head Bolt
   2 - (#13) M10 Flat Washer
   1 - (#10) M10 Nylon Lock Nut
Above shows Step 1 assembled and completed.
Be careful to assemble all components in the sequence they are presented.

**NOTE:**
Finger tighten all hardware in this step. DO NOT wrench tighten until instructed. Some components may be pre-assembled. Nylon lock nuts will not fully screw onto bolts, they must be wrench tighten to fully go on.

2A. Attach Seat and Back Frames (E & F) to Main Frame (A) using:
- 1 - (#2) M12x220mm Hex Head Bolt
- 2 - (#12) M12 Flat Washer
- 1 - (#9) M12 Nylon Lock Nut
- 2 - (#16) Ø21xØ12.5x10mm Bushing
- 8 - (#17) Ø16xØ12.5x8mm Bushing

2B. Attach Adjustment Bracket (G) to Back Frames (F) using:
- 1 - (#1) M12x165mm Hex Head Bolt
- 2 - (#12) M12 Flat Washer
- 1 - (#9) M12 Nylon Lock Nut
- 2 - (#16) Ø21xØ12.5x10mm Bushing

2C. Attach Tube (28) to Adjustment Bracket (G) using:
- 1 - (#4) M10x100mm Hex Head Bolt
- 2 - (#13) M10 Flat Washer
- 1 - (#10) M10 Nylon Lock Nut

2D. Attach T-Knob Lock Pin (20) and Pop Pin (21) to Main Frame (A)
Above shows Step 2 assembled and completed.
STEP 3

Be careful to assemble all components in the sequence they are presented.

NOTE:
Wrench tighten ALL hardware at the end of STEP 3B. Some components may be pre-assembled. Nylon lock nuts will not fully screw onto bolts, they must be wrench tighten to fully go on.

3A. Attach Seat Pad (26) to Seat Frame (E) using:
   4 - (#7) M8x60mm Hex Head Bolt
   4 - (#14) M8 Flat Washer
   4 - (#15) M8 Lock Washer

3B. Attach Back Rest (27) to Back Frames (F) using:
   4 - (#7) M8x60mm Hex Head Bolt
   4 - (#14) M8 Flat Washer
   4 - (#15) M8 Lock Washer

3C. Insert two Foam Rollers (23) and two Round End Caps (25) onto U-Bracket (D).
Above shows Step 3 assembled and completed.
