

GSR10 Body-Solid Vertical Stability Ball Rack

Body-Solid[®]
Built for Life

GSR10 **Vertical Stability Ball Rack**

The compact design fits nicely into any corner saving space in workout rooms. Unlike most stability ball holders the GSR10 Vertical Stability Ball Rack allows easy access for all 3 stability balls, even the one on the bottom. Made from heavy gauge steel, the GSR10 Vertical Stability Ball Rack will last a lifetime and is perfect for small to medium size fitness areas.

Stability Balls not included
