

SB2.5 RECUMBENT BIKE

The XTERRA Fitness SB2.5 Recumbent Bike is ideal for users looking to lose weight, tone up or stay in shape. This semi-recumbent bike provides the comfort and support you need.

The SB2.5 is easily accessible, and has a comfortably padded seat that will give you great support. The poly v-belt, along with the 10 kg flywheel system, provide a smooth and quiet ride. The 24 levels of resistance and 24 programs offer fresh, challenging workouts. The multi-color backlit LCD display shows all of your workout data, and the console plays your favorite tunes via the audio input and speakers.

Start the journey towards achieving your fitness goals today with your new XTERRA Fitness SB2.5 Recumbent Bike.
