

# SL8921B-SFT18 LED Headlight Upgrade Instructions.

## Product Overview:

Below are steps for a typical installation on most 2018+ Softail models. Steps may be different depending on the model and year of your motorcycle. Ensure you have read through the instructions and understand them clearly before attempting the installation.

### Installation Warning

If you feel uncomfortable installing this product, we recommend having a professional complete the installation. Eagle Lights LLC is not liable for any damage to the product or vehicle due to an improper installation.

If you have questions about the installation, please feel free to call us at 1-800-921-3162 or email us at [Support@EagleLights.com](mailto:Support@EagleLights.com).

## Installation:

WARNING!	
	<ul style="list-style-type: none"><li>• To prevent possible electrical shock, disconnect the negative battery terminal before installing this product.</li><li>• Wear eye protection.</li></ul>

- **Step 1:** Place a protective cloth or rag on the front fender.
- **Step 2:** Unplug the stock headlight from the bike.
- **Step 3:** Remove the bolt holding in the headlight.
- **Step 4:** Remove the bucket and headlight from the bike.
- **Step 5:** Plug in the new headlight.
- **Step 6:** Using the provided hardware, mount the new LED headlight to the stock mount.
- **Step 7:** Test the headlights function.
