Garden-in-a-Can Growth Log

Use this growth log to carefully observe your Garden-in-a-Can over the next 7-8 weeks, and draw what you see below (feel free to use a separate piece of paper if you want to make your drawings bigger!).

Week 2	Week 3	Week 4	Week	5	Week 6
Week 1					
Week 2					
Week 3					
Week 4					
Week 5					
What week do you think	your plant will sprout ab	ove the soil?			
What day did they actua	ally sprout? How close wa	as your estimation?			
Week 7			Draw your Ga		-Can and label
			roots stomata	stem flower	leaves seeds

Thinking Cap: Garden Toolkit Unit 3 Review

Now that you've completed Unit 3: Garden-in-a-Can of the Garden Toolkit, fill out the answers to the questions we set out to learn.

Chapter 1: What are plants?	
Chapter 2: How do plants grow?	
Chapter 3: How does biochar help plant	ts grow?
Chapter 4: Why are plants awesome?	
Congratulations! You're officially a junior botanist!	BACKEY ROOTS ROOTS ROOTS ROOTS ROOTS
