

# RED ROCKET

**Super Degreaser**  
**Bio-degradeable**

RED ROCKET is a super concentrated heavy duty premium degreaser that cleans faster and better than conventional degreasers. Super concentrate, RED ROCKET saves space, packaging waste and transportation costs. Try Enviro-Pro 1 Natural Cleaner for all other cleaning tasks from windows to restrooms.

#### DILUTION:

**Light degreasing:** use at a ratio of 256:1 (½ oz/gallon)

**Normal degreasing:** use at a ratio of 128:1 (1 oz/gallon)

**X-heavy degreasing:** use at a ratio of 64:1 (2 oz/gal) or stronger as needed.

Always wear proper protective equipment appropriate to your work conditions. Always test in an inconspicuous area before cleaning entire surface.

#### DIRECTIONS:

Sweep and scrape debris, etc. from the floor. Determine dilution from the above table and add appropriate amount of product to cool water. Apply solution generously to a workable area. Allow solution to sit for 1 to 10 minutes. Floor must remain wet. Pick up the solution with an auto scrubber, wet vac or mop and bucket.

## Technical Specifications

**APPEARANCE & SCENT:** Red transparent liquid, no significant odor.

**pH:** 13.5-14

**BIODEGRADABLE?** Yes

**FLASH POINT:** This product is non-flammable.

**SHELF LIFE:** 1 Year @ room temperature

**PRODUCT TYPE:** Heavy Duty Concentrated Stripper (Separador concentrado poderoso)

**D.O.T. Hazard Class:** Compounds, Cleaning, Liquid (contains sodium hydroxide)

**PACKAGING:** 4 gallons/case
