

A woman is running outdoors in a park-like setting with trees in the background. She is wearing a light grey tank top with a red and grey trim around the neckline, dark grey leggings with a white stripe down the side, and white sunglasses. The brand name 'SUNDRIED' is visible on the bottom of the tank top and on the side of the leggings. The overall scene is bright and active.

SUNDRIED

THE ATHLETE'S CHOICE

Sundried is an active sports apparel brand delivering professional quality sportswear at an affordable price. All of our activewear is tested by world-class athletes who know what they want and need from their sports clothing. Whether you run, cycle, work out at the gym, or do a bit of everything, Sundried has the activewear for you.

Sundried believes that clothing should be of a high quality and last you a long time, instead of being cheap and disposable. Wouldn't you rather buy the best pair of running leggings you've ever owned and wear them for years than pick up a cheap pair which fall apart after a few uses? Your clothing is an investment and we want our activewear to be your training partner for life.

Sundried champions the zero waste movement and the reduction of single-use plastics. We also encourage physical activity and believe that anyone can be an athlete, no matter their age, shape, size, or ability.

INNOVATIVE SUSTAINABLE FABRIC

Sundried's latest fabrics use recycled plastics and coffee. We've developed a sustainable technology suitable for activewear, by utilising coffee's natural ability to block odour, ideal for our athletes.

Collecting used coffee grounds has provided a very sustainable route to supply our raw materials. Sundried will prove that desirable sportswear can be ethical.
