Hospital-to-Work Programme

**Supporting persons with
acquired disabilities in their
transition to employment**

SG ENABLE
Inclusive society, Enabled lives.

WHAT IS THE HOSPITAL-TO-WORK PROGRAMME?

The Hospital-to-Work (H2W) Programme is an employment programme that supports persons with acquired disabilities in their transition to work.

H2W will help clients to identify personal goals that are achievable and manageable that clients can feel confident in achieving.

KEY FEATURES OF H2W

Rehabilitation

- Coordination of rehabilitation and social needs with care professional

Reintegration

- Vocational needs assessment
- Personal development and skills training

Employment

- Job referrals and interviews
- Employment and onsite job support

WHO IS ELIGIBLE FOR H2W?

- ✓ Singapore Citizens or Singapore Permanent Residents
- ✓ Motivated and with potential to work
- ✓ Fulfils disability criteria* and requires other forms of social support

*Disabilities supported are: intellectual disability, physical disability, hearing impairment and visual impairment

HEAR OUR THOUGHTS

Client

My life changed after a traffic accident; I had difficulties following and understanding instructions. I was not able to hold down a job and had a tough time looking for suitable employment.

With guidance and constant support from my case manager, I am working now as an operations assistant.

Mr Aaron Ong, a H2W client

Employer

We believe that every individual can contribute to the organisation when given the opportunities to prove their abilities. With guidance and accommodation, persons who acquired disabilities are able to learn and adapt to the environment.

Ms Low Lian Wa, Operations Manager, RMA Contracts Pte Ltd

Partner

Together with SG Enable's case manager, we have helped Yuling reintegrate into the community and return to the workforce. Her reintegration journey definitely makes us feel that our efforts to help and support her are worthwhile.

Ms Eileen Ho, Senior Medical Social Worker,
Tan Tock Seng Hospital
