If your new Furniture becomes stained or damaged as described above during normal RESIDENTIAL use, and you cannot remove the stain or correct the damage yourself using the Administrators products and/or procedures presented to you at time of delivery, the Administrator will repair or replace the stained or damaged area or part. If the Furniture cannot be repaired or a part is not available, you will receive a merchandise credit equal to the original purchase price of the stained or damaged Furniture.

Owner must report the incident within fifteen (15) days of the date the stain or damage is discovered. It does not cover everyday soiling from normal use, accumulation, multiple stains or spills or damage not attended to properly. Exclusions apply, refer to your limited warranty for specific coverage information. Note: In cases where there may be a discrepancy between this document and the limited warranty, the limited warranty will govern.

HOW THE PLAN WORKS

- Try to maintain at least two feet between your furniture and heating sources.

- Avoid placing your furniture in direct sunlight. All materials will fade over time when exposed to any sunlight (direct or indirect). Make sure plants are in drip proof pots and keep foliage from touching furniture surface to prevent moisture damage.

- Keep your furniture free from dust by vacuuming the surface weekly. Blot spills immediately with a clean, white cloth. It is advisable that you keep a white cloth underneath a seat cushion so when a spill occurs, it can be blotted up promptly. Rotate the cushions to promote even wear. Have your furniture professionally cleaned.

- Do not place newspapers and magazines on the surface of the furniture since the ink will bleed into the upholstery, and cause permanent damage. When placing items on furniture and retrieving them, always gently set them down and pick them up, do not slide them across the surface to prevent damage.

- Avoid using nail polish and remover or other harsh household products near your furniture to avoid possible damage from spills or splashes.
