

HOW TO FIND THE PERFECT SIZED DOG COLLAR*

Measure around your dog's neck (measurement D) with a tape measure, or print out and make your own with this sheet. Leave enough room to slide two fingers in for comfort. Please take note of our collar widths before purchasing (measurement E) and check you are happy your dog will feel comfortable in the relevant width.

* Do not measure your dog's *old* collar – this will not give you the right size for your dog's neck.
