

How to remove a Quadrant Soft cover

1 / Unzip the black industrial zipper at the back of the sofa.

2 / Flip your sofa to reveal the underside.

3 / Continue unzipping the black industrial zip on the underside.

4 / Unzip in both directions on the underside.

5 / Peel the fabric away from the foam body.

6 / It will take some maneuvering to peel back all the fabric.

7 / Where the sofa seat meets the sofa back there is another zip.

8 / Unzip this zip.

9 / Completely remove the cover.

1 / Make sure all the zips on the cover are fully unzipped.

2 / There is a zip where the sofa seat meets the sofa back. Line up this zip with the cover. Hook on and zip up.

3 / Unfurl the cover over the foam body.

4 / Pull and smooth at the corners to ensure a snug fit.

5 / Flip to reveal the underside and zip up in both directions.

6 / Hook and zip the black industrial zipper and continue all the way up the backside of the sofa.

7 / Flip the sofa right side up and enjoy!

Important things to note:

- Any Quadrant Soft sold prior to November 2021 does not have removable covers. To transition your earlier model to removable covers contact info@koskela.com.au.
- One person is needed to remove and replace the covers for a Single and Ottoman. Two people are needed for the Double and Corner because they are heavier modules.
- Due to the leather detailing, covers can only be dry cleaned. Replacement covers can be purchased at koskela.com.au
