80-BIT CLONABLE CHIPS:

TK100

CKG (writable one time)

All the brands and trademarks mentioned here are the exclusive property of the respective car manufacturers or groups.

The Texas® 80-bit applications listed are general applications based on known market information available and the cloning equipment is designed for use with Keyline transponders. Certain makes, models and years may not successfully clone based on vehicle production specifications, transponder and/or immobilizer variations, aftermarket installed parts or vehicle modifications. Actual cloning times may vary based on, but not limited to, current request volumes and end user computer, phone & Internet speed. Keyline does not assume any liability for claims, costs and/or damages resulting from correct or misuse of the information provided.
