

How to Choose Yanhua ACDP By Car Brand

Car Brand	Item No.	Module Name	License Id	Function
Necessary Model	SK247	Basic Module	--	Support 93 /24/ 25 / 35/ 95 Series EEPROM in circuit programming (ICP) and on adapter board programming (OBP). This module is a necessary basic configuration for every modules
BMW Module Programming	SK313	CAS Module 1	A500	Support CAS1-CAS4+ IMMO key programming, mileage reset(for CAS system) via OBD mode or by ICP Support CAS1-CAS4+ module replacement by read and write EEPROM and Flash data via ICP
	SK320	FEM/BDC Module 2	A50A	Support FEM/BDC key programming and mileage reset(FEM/BDC system)by automatic mode Support FEM/BDC module replacement by copy data and calculate data
	SK321	DME ISN Module 3	A50B	Read and write BMW DME ISN via Bench, CAN/OBD, Boot model For some special models, you need buy interface board extra Clone BMW DME ECU via Bench mode, Boot mode, need pay for ECU clone license A51C This module is necessary for BMW all key lost
	SK323	35XX Module 4	A802	Support instrument cabibration of BMW(E/F/G series) If you want to erase data for BMW M35080, 35160DO WT when eeprom, please choose YH35XX Programmer + Simulator
	SK326	Refresh BMW Key Module 7	A521	Support BMW E chassis/F chassis(CAS) key refresh
	SK327	FRM Module 8	A500	Support(FRM) Footwell module repair without coding Need work with CAS module 1 together

	SK315	EGS Module 11	A51A	Support BMW 6HP F chassis & 8HP F/G chassis refresh and cloning
	XNR-SS313	A51D License	A51D	BMW E Chassis 8HP gearbox refresh
	SK356	BMW E Chassis 6HP Refresh Module 17	A50F	Support BMW E chassis 6HP(GS19D) gearbox refresh
	SK247-19	SH725XX Gearbox Clone Module 19	A000	Support BMW ZF 8HP gearbox clone Support BMW 7-dual-clutch(GETAG 7DCT, TEMIC DKG) gearbox clone
	SK247-27	BMW MSV80 / MSD8X / MSV90 DME Read/ Write ISN and Clone Module 27	A51E	Support BMW E/F chassis MSV80,MSD80,MSD81,MSD85,MSD87,MSV90 DME read/write ISN and clone.
Jaguar Land Rover Module Programming	SK328	Jaguar/Land Rover KVM Module 9	A700	Support adding key and all key lost for new Jaguar and Land Rover with KVM module after year 2015 Support adding key and all key lost for Land Rover before 2015 by OBD mode Support Jaguar/Land Rover key refresh
	SK318	MPS6 Gearbox Clone Module 14	A301	Support Jaguar Land Rover MPS6 model gearbox clone
	SK247-19	SH725XX Gearbox Clone Module 19	A000	Support Jaguar Land Rover ZF 8HP gearbox clone
	SK247-24	New JLR(2018+) IMMO Module	A702	Support Jaguar Land Rover 2018- JPLA IMMO OBD Key Programming

	SK247-28	ZF-9HP gearbox clone module 28	A703	Support JLR ,Chrysler, Dodge, Fiat, Honda, Jeep ZF-9HP gearbox BOOT mode clone.
Porsche Module Programming	SK314	Porsche BCM Module 10	A900	Support adding key and all key lost for new Porsche after year 2010 Support Porsche key refresh
	SK247-19	SH725XX Gearbox Clone Module 19	A000	Support Porsche ZF 8HP gearbox clone
	SK247-23	Porsche 12V lithium Battery Restore	A901	Support for Porsche 12V lithium Battery Restore
Volvo Module Programming	SK316	Volvo Module 12	A300	Support adding keys and all key lost for Volvo semi-smart keys(OBD and ICP) and smart key(ICP)
	CN-SK247-20	New Volvo IMMO Module 20	A302	Reading CEM data by ICP mode without soldering Programming new keys via OBD mode
	SK318	MPS6 Gearbox Clone Module 14	A301	Support Volvo MPS6 model gearbox clone
Mercedes Benz Module Programming	SK319	Mercedes-Benz DME Clone Module 15	A100	Support Mercedes Benz DME clone via Bench mode
	SK346	Mercedes-Benz Gearbox Clone/Refresh Module 16	A101	Support Mercedes Benz dual-clutch gearbox, 722.8 gearbox clone and 722.9-2/3 gearbox refresh

	SK361	Mercedes-Benz DME/ISM Refresh Module 18	A102	Support Mercedes Benz CR3.XX/CR4.XX/CR5/CR6/CR60.XX/SIM271DE2.0/SIM4LKE/SIM271KE2.0/CRD.11/CRD2.XX/ME9.7/MED17.7.X/SIM266 etc.DME refresh Support Mercedes-Benz ISM refresh
	SK247-19	SH725XX Gearbox Clone Module 19	A000	Support Mercedes-Benz 9GT(VGS-NAG3) gearbox clone
VW Audi Module Programming	SK325	MQB Module 6	A601	Support parts of VDO mileage adjustment/key programming of VW MQB platform via OBD Support Passat MMC(NEC D70F3525+95320) instrument adjustment after year 2015 by ICP mode
	SK317	VW/Audi Gearbox Clone Module 13	A600	Support VW, Audi DQ200(0AM/0CM), DQ250(02E/0D9), DL382(0CK) ,DL501(0B5) ,VL381(0AW) models gearbox clone
	SK247-19	SH725XX Gearbox Clone Module 19	A000	Support VW/Audi ZF 8HP, VW/Audi DQ380/DQ381 ODE gearbox clone
	SK247-21	VW/Audi Gearbox Mileage Correction Module 21	A605	VW/Audi DQ200(0AM/0CW), DQ250(02E/0D9), DL382(0CK), VL381(0AW) gearbox mileage correction
GM	SK247-22	GM6T/6L Gearbox Clone Module 22	A400	6T30/6T35/6T40/6T45/6T50/6T70/6T75/6T80 and GM 6L45/6L50/6L80/6L90 gearbox clone
	SK247-25	VW/Audi ODE gearbox mileage correction Module 25	A606	Support VW/Audi DQ380(ODE), DQ381(ODE), DQ500(ODE) gearbox mileage correction

PS: All these modules can not work alone, need work with ACDP Master basic module, if you have ACDP Master basic module already, you can choose the module you need alone, then activate it on your ACDP Master
