BRAINWAVZ®

BLU100 & BLU200

- Do not use any earphones and headphones at excessively loud levels.
- Sealed eartips and lower volumes allow for longer periods of safe listening.
- Using earphones and headphones at high volumes or for extended periods of time (more than 1 hour period per day) can permanently damage your ears.
- Ringing in your ears or other discomfort can indicate that the music volume is too high.
- For safety reasons DO NOT use earphones and headphones while driving a car, biking, walking or operating machinery.
- Keep your earphones or headphones away from young children, this product includes small parts and cables which may create a choking hazard.
