

EARPADS FOR BEATS STUDIO QUICK INSTALL GUIDE

Remove Old Pads

NOTE: Pads are secured via strong adhesive tape.

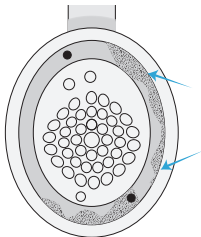

1 Gently insert a flat, blunt tool between the earpad and headphone body (A)

2 Carefully twist your tool back and forth until the pad starts to break loose, repeat around the pad until it comes free.

(Use a blunt knife, metal ruler or credit card as a removal tool)

NOTE

Hold the headphones steady during the removal procedure.

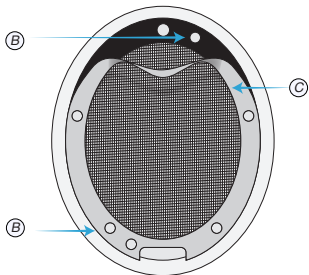

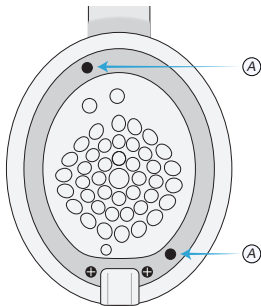

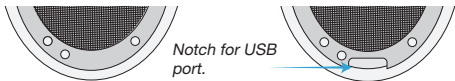

3 Once the pad is free remove any excess sticky tape and residue from the headphone cups and clean thoroughly.

Install Replacement Pads

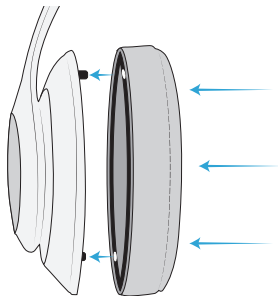

NOTE:

Please ensure you select the correct pad for each side of the headphones.

- 4 Locate the 2 pegs on the cup (A) and the 2 corresponding holes on the earpad (B)

- 5 Peel off the adhesive backing paper (C)

- 6 Align pegs and holes and carefully push earpads firmly into place.

- 7 For best results apply constant pressure on pads for up to 12 hours

SUGGESTION

Place headphones across a set of books.
