EARPADS FOR V MODA CROSSFADE QUICK INSTALL GUIDE

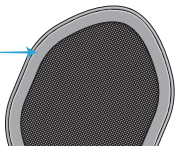

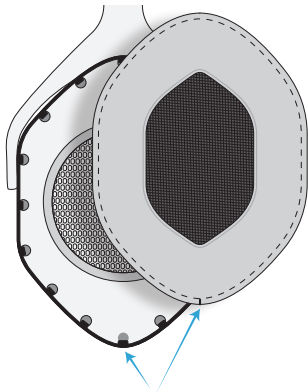

Remove Old Pads

Install Replacement Pads

NOTE:

There is a rigid plastic retaining ring on the rear of the earpad. This is used to secure the pads into the tabs on the earcup.

- 3** Locate the seam on the earpad - Place this seam into the bottom of the earcup or the pad will not fit correctly.

- 4** Push the edge of the earpads rigid retaining ring firmly into each one of the 16 tabs.

Ensure all tabs are correctly inserted, some may take a little more force than others.
