

## Ca/Mg-Plus™

## Ca/Mg-Zyme™

## Ca/Mg-Zyme Caps™

For Healthcare Professionals Only

*Ca/Mg-Plus™, Ca/Mg-Zyme™, and Ca/Mg-Zyme Caps™ all provide calcium and magnesium as a supplemental source.*

**Ca/Mg-Plus™** provides 100 mg of calcium citrate and 20 mg of magnesium aspartate per capsule, along with specific support for the parathyroid gland. **Ca/Mg-Plus™** can be used for parathyroid dysfunction, blood calcium-phosphorus ratio imbalance weighted to the phosphorus side, chronic joint and neck stiffness, upper respiratory mucus, chronic digestive dysfunction, hoarseness, and severe muscle cramping.

**Recommended dosage:** Take three (3) tablets daily, preferably before meals, as a dietary supplement or as otherwise directed by a healthcare professional.

**Ca/Mg-Zyme™** supplies calcium citrate (300 mg) and magnesium aspartate (60 mg) in a ratio of five parts to one (per 6 tablets) together with the vegetable culture antioxidant enzymes superoxide dismutase (SOD) and catalase for muscle cramps, fever, autonomic imbalance, low blood calcium, skin issues (e.g., itching, lesions), heavy bleeding (e.g., nosebleed, menorrhagia), endocrine hyperactivity, increased secretions, and for long-term supplementation.

**Recommended dosage:** Take two (2) tablets three (3) times daily on an empty stomach as a dietary supplement or as otherwise directed by a healthcare professional. May increase to three (3) to six (6) tablets per hour until issue begins to abate, then reduce accordingly; dose per hour with acute cramping.

**Ca/Mg-Zyme Caps™** has 150 mg of calcium and 20 mg of magnesium, to provide similar support as the **Ca/Mg-Zyme™** but without the vegetable culture antioxidant enzymes SOD and catalase.

**Recommended dosage:** Take one (1) to three (3) tablets daily on an empty stomach as a dietary supplement or as otherwise directed by a healthcare professional.

## Ca/Mg-Plus™

### Supplement Facts

Serving Size: 3 Tablets		Servings Per Container: 20	
	Amount Per Serving	% Daily Value	
Calcium (as calcium citrate)	300 mg	30%	
Magnesium (as magnesium citrate)	60 mg	15%	
Parathyroid (bovine)	3 mcg	*	
Superoxide Dismutase (from vegetable culture†)	20 mcg	*	
Catalase (from vegetable culture†)	20 mcg	*	

\* Daily Value not established

**Other ingredients:** Cellulose, stearic acid (vegetable source), and modified cellulose gum.

† Specially grown, biologically active vegetable culture containing naturally associated and/or organically bound phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.
