Intenzyme Forte™

Why you may need Intenzyme Forte™:

Health researchers are continually discovering that inflammation and its effects are at the root of many health problems. In fact, most chronic health challenges involve some degree of inflammation. But acknowledging inflammation and addressing it are two very different entities. Since inflammation can be caused from such a wide variety of factors – everything from physical wear and tear, diet, environmental factors, genetics, and even local or systemic allergies, it can be difficult to find an easy way to address it. Intenzyme Forte is a potent source of both plant and animal based enzymes that are an effective combination to break down the aberrant proteins associated with inflammation, hence the term “proteolytic enzymes”. For example, proteolytic enzymes provide all-natural and highly effective support for systemic or localized inflammation and discomfort such as muscle soreness. The key, however, is that in order to benefit from enzymes proteolytic actions; it must be taken on an empty stomach. If taken with food, the enzyme will work as a digestive aid instead.

Why your healthcare practitioner recommends Intenzyme Forte™:

Intenzyme Forte™ is a broad spectrum nutritional supplement capable of exerting influence over a variety of physiological and biochemical mechanisms, including: inflammatory processes, numerous pathways of protein metabolism, hormone processing, digestive processes, food sensitivities, immune system support, and healthy circulatory system support. Intenzyme Forte™ also has the ability to break down mucous secretions as well. For over 30 years, thousands of healthcare practitioners have relied on the safe, effective, and reliable results that Intenzyme Forte™ has to offer. As always, you can count on Biotics Research to offer superior nutritional products that supply “The Best of Science and Nature”.

Supplement Facts

Serving Size: 1 Tablet

	Amount Per Serving	% Daily Value
Pancreatin 4X (porcine)	100 mg	*
Bromelain (from pineapple)	50 mg	*
Papain (from papaya)	50 mg	*
Lipase (porcine)	10 mg	*
Amylase (porcine)	10 mg	*
Trypsin & Alpha Chymotrypsin (porcine)	100 mg	*
Superoxide Dismutase (from vegetable culture †)	10 mcg	*
Catalase (from vegetable culture †)	10 mcg	*

* Daily Value not established

Other ingredients: Stearic acid (vegetable source), cellulose, magnesium stearate (vegetable source) and food glaze.

† Specially grown, biologically active vegetable culture containing naturally associated phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.

This product is gluten and dairy free.

RECOMMENDATION: One (1) tablet three (3) times each day as a dietary supplement or as otherwise directed by a healthcare professional.

KEEP OUT OF REACH OF CHILDREN

Store in a cool, dry area.
Sealed with an imprinted safety seal for your protection.

Product # 1201 Rev. 08/13
