

Optic-Plus™

For Healthcare Professionals Only

Optic-Plus™ provides vitamins, minerals, antioxidant enzymes, botanical extracts, and key carotenoids to support healthy ocular function.

Ocular health is dependent upon many factors. As we age, we become susceptible to vision irregularities due to environmental exposure such as Ultra Violet (UV) light, poor lifestyle habits, and dietary inadequacies that can have a negative impact on eye health.

Specific nutrients can play an important role in ocular health. Certain important antioxidants can scavenge free-radicals, reducing the risk of oxidative damage to the lens and cornea of the eye. Key carotenoids, especially lutein and zeaxanthin, protect against oxidative damage, and are linked to reduced risk of age-related macular degeneration (AMD). Lutein and zeaxanthin form the pigment that absorbs the macular damaging “blue light.”

Vitamins C, E, and riboflavin have all shown to be protective against age-related ocular decline, and have important minerals such as zinc and selenium. Vitamin A’s role in ocular health has long ago been established, and anthocyanidins from bilberry extract have been shown to contribute to visual acuity.

Recommended dosage is two (2) capsules each day or as otherwise directed by a healthcare professional.

Supplement Facts		
Serving Size: 2 Capsules	Servings Per Container: 30	
	Amount Per Serving	% Daily Value
Vitamin A (as natural mixed carotenoids, palmitate) (IU ratio 2:1)	5,000 IU	100%
Vitamin C (as ascorbic acid)	120 mg	200%
Vitamin E (as d-alpha tocopheryl acetate)	30 IU	100%
Thiamin (B1) (as cocarboxylase chloride)	3.75 mg	250%
Riboflavin (B2) (as riboflavin-5-phosphate)	4.25 mg	250%
Zinc (as zinc gluconate)	15 mg	100%
Selenium (as selenomethionine)	70 mcg	100%
Copper (as copper gluconate)	1 mg	50%
Citrus bioflavonoids (from citrus fruit)	50 mg	*
Bilberry Extract (25% anthocyanidins) (fruit)	40 IU	*
Lutein (from marigold)	10 mg	*
Zeaxanthin	2.5 mg	*
Superoxide Dismutase (from vegetable culture †)	20 mcg	*
Catalase (from vegetable culture †)	20 mcg	*

*** Daily Value not established**

Other ingredients: Capsule shell (gelatin and water).
 † Specially grown, biologically active vegetable culture containing naturally associated phytochemicals including polyphenolic compounds with SOD and catalase, dehydrated at low temperature to preserve associated enzyme factors.
 This product is gluten and dairy free.
