## CR-5 Metal Video Cage

### Description:

The CR-5 is a metal cage specially designed for recording on DSLR cameras, camcorders, smartphones, tablets, and other devices. It features two cold shoe mounts, built in 1/4" and 3/8" threaded screw holes, and a secure wrist strap. Made from aluminum alloy, the CR-5 can be used under normal conditions as well as underwater shooting. With a cold shoe mount on each side of the cage, the CR-5 is able to mount accessories such as LED lights, microphones, or monitors.

### Features:

- Solid Aluminum Construction
- Two Cold Shoe Mounts
- Secure Wrist Strap
- Max Load Capacity: 5.0 kg
- Built-in 1/4" Threaded Mounts
