4 IN 1 GAMES

Instructions for Setup

In this packet, you will find:

- Directions for use
- 80 'Clip and Flip' cards (2 cards per page)

Other materials you will need:

- Clothespins or paper clips
- Envelope or bag to store the 'Clip and Flip' cards

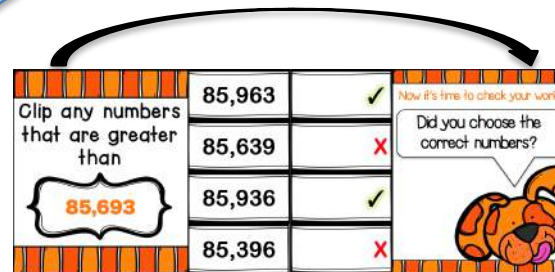

Printing and laminating:

1. Print the 'Clip and Flip' card pages single-sided. Printing the cards on both sides is not necessary.
2. Cut horizontally on each page as shown below to split the two pages. **Note that the following images may come from a different 'Clip and Flip' card. The numbers and images may not be the same.**

Cut horizontally along this line

Preview

3. Fold the card as shown below. When folded, the content side should face the outside and the blank side should face the inside.
