

Eco Bat Access Box
SKU:B1IBAZZZZ

Construction: Recycled plastic shell; FSC® wood OSB roost chamber (22mm crevice)

Options: Brick (B1IBABRZZ) or Black (B1IBABLZZ) coloured front panel. Brick front panels have bat silhouette.

Usage: When older buildings are renovated or refurbished, or external insulation is installed the bat access box provides a means for which bats can enter cavity wall and maintain access to existing roosts. The box also provides an additional roost space for crevice dwelling bats.

Maintenance: Eco Bat Access Box is maintenance free as droppings fall out of base. Recycled plastic shell is UV stabilized requiring no treatment.

Installation: Can be built into or retrofitted within brickwork, stonework timber cladding or external insulation.
