

Moresca 2007

Moresca goes to the ball, on a budget.

In a "Special with everything on it". Actually, it's mostly off-the-rack items with custom components. The wedding outfit on the left is all custom and, as pictured here, would cost about 2,000.00, not much, as custom bridal goes. The other three, from left, are a standard MAX, Pirate bodice and Faerie bodice over an Off-shoulder blouse, or Shimmer blouse with our new 6-tier hoop skirt. The skirts and over-skirts are custom and would run between 100 and 300 each, depending on fabrics and details. The four attendant ladies are all in Velvet Hot Cottles, available in many colors, as are regular Cottles and Kid Cottles.

See page 6 for velvet swatches.

The purple and red outfits would each be about 550.00, if the stock items are available in the size and color you want.

The new Leopard Faerie bodice outfit as shown, with hand beading, would be about 1200.00

Dear Friends and Patrons, Your choice ~ a Gallery

When you enter one of our Faire booths, or our showroom at home, there are about 130 different stock items on display. Out of these, the 30 or so shown on these pages account for 80% of our annual sales, these are the ones you primarily choose. Attempting to maintain "the other 100" in full assortment makes it impossible for us to keep the "Top 30" in adequate supply and selection. We have to do something about it.

Stock Items

The idea behind this flyer, is to divide our current production into two distinct areas: STOCK and CUSTOM. It's already happening, willy-nilly, but we'd like to make it a more deliberate effort. "STOCK", ideally, should be the items you most want, in full supply throughout the late fall season (Maryland, Carver, Texas).

To achieve this, we have to stop maintaining the rest as current items. There will, of course, be a lag, as we still have a lot of everything and as certain supplies become unavailable and new ones appear, some things will change or vanish, and new designs will continue to happen.

Custom

Pretty much all our designs, 30 years worth, over 200, are available custom at very reasonable prices. We do it all year long.

A typical large order, for a wedding, say, consists of one or more custom pieces (bride and groom, perhaps), several stock items: Cottes or skirt-blouse-bodice for brides maids, breech and shirts for ushers, and sometimes on-sale stuff as well. It ALWAYS adds up to a fraction of most conventional (or decent period) wedding attire. The same applies to orders for performing groups and single items for individuals.

A FEW WORDS ON CUSTOM ORDERING

To make everyone's life easier.

The first things we need from you are: The item you want, your measurements we need for that item, usually height, waist and bust or chest and your fabric preferences. (Standard dress sizes don't help us much)

Next, we'll need to talk on the phone between 8AM and 4PM - E.T.

If this is impossible we can sometimes make an appointment for another time. For fall weddings or other fall events, we need to ship your order by July.15.

For other times of the year we can usually ship closer to the event.

We are putting together a guideline for custom and other orders, available by mail or email on request.

We are known for excellent customer service and are generous with swatches and consultation, but there is a limit beyond which we have to start charging for the many months of this we sometimes face for a single order.

News, Trews, Hoes and Hose

We now have 27 colors of stretch velvet, (see swatches on page 6). Besides all the Cotties, Hot Cotties and Kid Cotties we're cutting trews and hose in several of the colors.

HOSE are 35.00 and 40.00, TREWS are 40.00 and 45, depending on size.

Big Hoop

Also new, is our 6-tier Hoop skirt, worn under the outfit on right. BIG HOOP, is 164" in circumference, about 4 feet across. 110.00
