

SAFETY DATA SHEET

1. IDENTIFICATION

NAME OF PREPARATION OR SUBSTANCE:	Oils - Coconut RBD Oil (Organic)
SYNONYMS:	RBD (Refined, Bleached & Deodorized)
SUPPLIER NAME:	YellowBee Packaging and Supplies Inc.
SUPPLIER ADDRESS:	#106 2880 107 Ave SE Calgary AB T2Z3R7 Canada
TELEPHONE NUMBER:	(587) 352 3929
RECOMMENDED USE:	Domestic and Industrial

SECTION 2: HAZARDS IDENTIFICATION

Classification of the substance or mixture:

Hazard Statements: This product is not defined as a health or physical hazard according to the Globally Harmonized System (GHS) of classification and labeling of chemicals.

Signal word: None required. **Pictograms:** No symbol required. **Precautionary Statements**

Eyes Contact: May cause irritation. **Skin Contact:** May cause irritation. **Ingestion:** Large ingested amounts may irritate the digestive tract. If medical advice is needed, have another product container or label at hand. Read label before use. Keep out of reach of children.

NON GHS Information: HMIS Health Rating

NFPA Scale (0-4)

SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS

Chemical Name and (Common name and Synonyms)	CAS Number
Coconut Oil	8001-31-8

SECTION 4: FIRST AID MEASURES

EYES: Rinse with running water for at least 15-20 minutes. Remove contact lens(es) if able to do so during rinsing. Seek medical attention if irritation persists or if concerned.

SKIN: After prolonged skin exposure, wash exposed areas of the body with soap and copious amount of water. If irritation persists, consult a medical practitioner.

INGESTION: Product is prepared for human consumption. It is not toxic. Large ingested amounts may irritate digestive tract. If symptoms persist, consult a medical practitioner.

INHALATION: Move the person to fresh air. If irritation persists, consult a medical practitioner.

SECTION 5: FIRE-FIGHTING MEASURES

Flammability of the Product: May be combustible at high temperature.

Auto-Ignition Temperature: Not available.

Flash Points: >216°C (420.8°F).

Flammable Limits: Not available.

Products of Combustion: Complete combustion would lead to the formation of aldehydes and ketones. Fire fighters should wear recommended exposure control equipment including self-contained breathing apparatus.

Fire Hazards in Presence of Various Substances: Slightly flammable to flammable in presence of heat.

Explosion Hazards in Presence of Various Substances:

Risks of explosion of the product in presence of mechanical impact: Not available.

Risks of explosion of the product in presence of static discharge: Not available.

Fire Fighting Media and Instructions: Suitable extinguishing agent – CO₂. **SMALL FIRE:** Use DRY chemical powder. **LARGE FIRE:** Use water spray, fog, foam or Halon. Do not use water jet or direct stream of water, product may float and can be reignited on the surface of the water.

Special Remarks on Fire Hazards: May spontaneously heat and ignite if stored wet and hot.

Special Remarks on Explosion Hazards: Not available.

SECTION 6: ACCIDENTAL RELEASE MEASURES

Environmental Protection:

Spills: Handle as food. No special precautions necessary. If necessary, to prevent spilled material from flowing onto adjacent land or into sewers, streams, ponds or lakes, sweep or clean with moist cloth. Residues may be flushed with water. Use absorbents to solidify liquids and dispose as waste. Wear eye protection to avoid exposure (see Section 8 for specific handling precautions).

Large spills: Due to traffic accidents, etc., should be reported immediately to Authorized state Authority for assistance.

SECTION 7: HANDLING AND STORAGE

Precautions: Pack in close containers. Avoid contamination. Keep containers sealed when not in use.

Storage: Store in closed containers below 50°C (120 ° F). Keep away from oxidizing agents, excessive heat and ignition sources. Use in well ventilated areas. Keep away from sources of ignition. Avoid excessive humidity. Do not puncture, drag, or slide this container. Never use pressure to empty.

SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

Ventilation Requirements: Normal ventilation adequate.

Respiratory Protection: Not required.

Personal Protection: Safety glasses, goggles or face shield recommended to protect eyes from mists or splashing.

Skin: Neoprene or rubber gloves recommended to prevent skin contact.

Other Protective Measures: Employees must practice good personal hygiene, washing exposed areas of the skin several times daily and laundering contaminated clothing before re-use.

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

Appearance: Clear, light yellow; lightly colored characteristic

Physical State: Liquid **Odor:** neutral flavor **pH:** Neutral

Melting Point: Not available.

Freezing Point: Not determined.

Boiling Point: Not determined.

Specific Gravity: 0.91+0.1 g/mL at 25°C.

Flash Point: >216°C (420.8°F).

Water solubility: Insoluble in water.

Solubility in fat: Not determined. **Evaporation Rate:** Not applicable. **Vapor Density:** 0.905 □ 0.920.

Fire Point: Not available

SECTION 10: STABILITY AND REACTIVITY

Stability: Very stable yet oxidizes upon heat, light or exposure to air. Oxidation is at a slow rate and does not pose a handling risk. The effect increases the chance of rancidity of the oil.

Conditions to avoid: Prolonged exposure to high temperature. Avoid strong oxidizing agents.

Material to avoid: Strong oxidizing agents.

Hazardous Decomposition Products: CO and CO₂ may form and accumulate after long term exposure to air and if ventilation is insufficient.

SECTION 11: TOXICOLOGICAL INFORMATION

Acute Toxicity: Non-toxic

Oral: Non-toxic.

Skin: Non-toxic. There is no known effect from exposure to the product.

Eyes: Irritation if in direct contact. The symptoms may include redness, itching, tearing. No damage if immediate rinsed

Additional Toxicological information: When used and handled according to specifications, the product does not have any harmful effects to our experience and the information provided to us.

SECTION 12: ECOLOGICAL INFORMATION

No special requirements.

SECTION 13: DISPOSAL CONSIDERATIONS

Remove sources of ignition, contain spill to smallest area possible. Pick up small spills with absorbent materials such as paper towel, "Oil Dry", sand or dirt. Recover large spills for salvage or disposal. Wash hard surfaces with safety solvent or detergent to remove remaining oil film. Greasy nature will result in slippery surfaces.

Waste Disposal: Dispose of any cleanup materials and waste residue according to all applicable laws and regulations.

Container Disposal: Packaging material need to be handled in accordance with approved safety and environmental standards.

SECTION 14: TRANSPORT INFORMATION

Classification: Not classified as dangerous good for transport.

SECTION 15: REGULATORY INFORMATION

Legislation: Label according to local legislations.

16. OTHER INFORMATION

None available

The information provided above is intended only as a guide to the appropriate precautionary handling of the material by properly trained personnel using this product. It is the responsibility of the customer and user to ensure it has in place provisions for the safe and proper handling of the material. Although YellowBee Packaging and Supplies Inc. believes the above information to be accurate based on the information available to YellowBee, it is the responsibility of the customer and user of the material to perform its own investigation and due diligence prior to use to verify that the product purchased from YellowBee meets their quality requirements and is appropriate for the use to which the product is to be put. Use and purchase of this material is subject to YellowBee Packaging and Supplies Inc. standard terms and conditions, which supersede any conflicting terms contained on Buyer's purchase order or any document or instrument supplied by Buyer.

As the use(s) of this product is outside the control YellowBee Packaging and Supplies Inc., no representation or warranty, expressed or implied, is made as to the effect(s) of such use(s), (including damage or injury), or the results obtained. The liability of YellowBee Packaging and Supplies Inc. is limited to the value of the goods and does not include any consequential loss. YellowBee Packaging and Supplies Inc. shall not be liable for any errors or delays in the content, or for any actions taken in reliance thereon. YellowBee Packaging and Supplies Inc. shall not be responsible for any damages resulting from use of or reliance upon this information. In the event of any dispute, the Customer hereby agree that Jurisdiction is limited to the province of Alberta.
