

7 Days of Creation (Genesis 1) PAPER MOBILE

Instructions

You'll need:

Access to color printing
White card stock
1 embroidery hoop (18" or smaller)
Narrow ribbon - any color(s)
Waxed twine - any color(s)
Glue

Note: With a ½" space between dangles, the longest mobile will be 2ft.

Prepare your dangles:

1. Print the designs in color onto heavy white paper and cut them out.
2. Crease the 28 large rounds in half vertically.

Assemble Day 1 Mobile:

1. Unroll a 2ft length of twine. Do NOT yet cut this twine from the ball.
2. Measure 8" from the end of the twine, and mark the spot with a marker.
3. Glue ½ of a "Day 1" round to ½ of a "Day 1: Day & Night" round.
4. Glue in a 3rd round the same way, alternating designs.
5. Before gluing in the 4th round, lay your twine inside the dangle with the mark at the top of the round, so 8" of twine dangles out the top.
6. Glue in the final round, making sure that the twine is covered in glue. Press together well.
7. Mark the twine a ½" from the bottom of the dangle.
8. Glue both "No. 1" dangles (the diamond shapes) back-to-back with the twine sandwiched in between. Place the mark on the twine at the top of the dangle (but not peeking out).
9. Cut the twine at the very bottom of the dangle.

Assemble the remaining 6 mobiles in the same way.

Each day has an additional dangle, so the 7th day will be the longest mobile.

Attach all 7 sets of dangles to the hoop.

Tie them evenly around the hoop, then cut off excess twine.

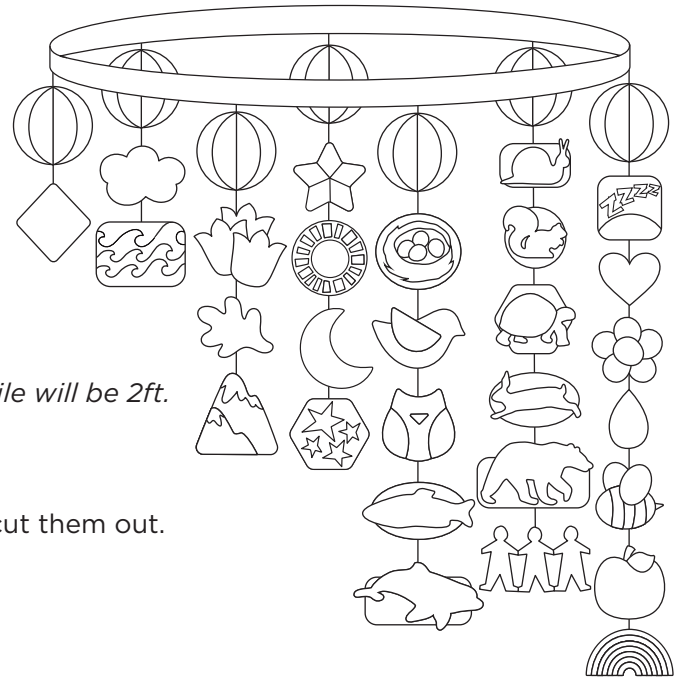

Attach 3 lengths of twine to the hoop for hanging. Measure your space to determine the correct length.

Attach 3 lengths evenly around the hoop, then gather above and tie into a single knot.

Finish off the hoop with ribbon.

Hide the knots of twine around your hoop by wrapping it in ribbon.

Hang from a hook or beam, and enjoy!
