

Measuring For Yardage Estimates: *Drapery*

Customer Name/Email:

Based on your measurements we're happy to offer a recommendation for the approximate fabric yardage you'll need for your project. Simply measure your space, fill out the fields bellow, and send this form to our Design Help email with the following information. Feel free to attach a photo of your space, as well. If you have specific questions that this form does not cover, please reach out via email.

Please note: Tonic Living does not offer custom sewing. This is a basic estimate for budgeting purposes and may not be the exact quantity you require. Before purchasing fabric we recommend that you consult with a professional sewer.

Desired fabric names(s):

Do you have hardware installed? Yes No

A:
Window width incl. frame
OR length of installed rod

B:
Ceiling height (under moulding)

C:
Window height incl. frame
OR height of installed rod

D Right:

D Left:
Length from outside of window frame to
room corner or obstruction (ex. TV/art).
Note: we will add a standard stackback of
10" per side when calculating yardage needs.

Do you need help selecting hardware?
Yes No
