

Anderson Composites Test Pilot Program

Thank you for your interest with Anderson Composites. Late model domestic muscle car owners can become a "Test Pilot" with our Research and Development Team. Please review submission form criteria below.

- 1- Vehicle owners MUST reside in Southern California to be considered
- 2- Vehicles MUST be late model, non-import make, i.e. 2017 Chevy Camaro SS
- 3- Test pilots will have opportunity to receive:
 - Discounted products (% discount determined on a case-by-case basis)
 - Free product installation at our R&D headquarters
 - Exclusive access to pre-sale production components

If you are interested in submitting your vehicle for review, please fill out the form completely.
