INTERNATIONAL CONVERSION CHART

To find out your ring size, place an existing ring on the circles below. Make sure to use the inside circle of your ring to get an idea of your size.

SIZING TOOL

If you do not have a ring to hand, use this sizing tool to help you.

1. Print this page at 100% (Do not choose the option “shrink to fit”)
2. Cut the tool out using scissors.
3. Cut a slit along the dashed line.
4. Wrap the tool around your finger, pulling the pointed end through the slit.
5. Write down your ring size.

REMEMBER!
The ring will need to feel snug but still be big enough to fit over the largest part of your finger.
